FOREWORD

The Public Accounts for the fiscal year ended March 31, 2016 have been prepared by the Comptroller of Finance for the Minister of Finance pursuant to the provisions of section 86 of the Financial Administration Act (CQLR, chapter A-6.001). They are published in two volumes.

Volume 1 – Consolidated Financial Statements of the Gouvernement du Québec

Volume 1 presents the consolidated financial statements of the Gouvernement du Québec, as well as a financial analysis that facilitates understanding of the transactions carried out in fiscal 2015-2016.

Volume 2 – Financial Information on the Consolidated Revenue Fund: General Fund and Special Funds

Volume 2 presents financial information on the Consolidated Revenue Fund, which comprises a general fund and special funds. This volume is divided into two parts. The first part presents the revenues of Government departments and Government budget-funded bodies, their authorized appropriations and the expenditure and other costs charged against each of these appropriations and, finally, the financial operations of the specified purpose accounts they administer. The second part presents the revenues of the special funds, their approved/actual expenditures and their approved/actual investments.

Contents of Volume 2

Part A: General Fund

This part reports on the operations of entities whose revenue is paid into the General Fund or the Health Services Fund and entities which operate with funding allocated to them by the Parliament of Québec. These entities are:

- the National Assembly;
- persons appointed by the National Assembly;
- Government departments and Government budget-funded bodies.

This part also reports on General Fund revenue linked to the application or administration of any legislation for which the Minister of Revenue¹ is responsible. These revenues are managed by the Agence du revenu du Québec.

The information is presented by portfolio, a term that designates the National Assembly, the persons designated by it, all of the programs for which a minister is responsible, and the revenue administered by the Agence du revenu du Québec (under "Revenu").

Comparison of the expenditures and other costs with the authorized appropriations complies with the presentation of the expenditure budget.

The General Fund reports on its financial operations in accordance with the accounting policies adopted by the Conseil du trésor, as indicated in Note 1 of the Government's Consolidated Financial Statements.

¹ The Minister of Finance performs the duties of the Minister of Revenue.

FOREWORD (cont'd)

For the purposes of this volume, the revenue administered by the Agence du revenu du Québec has been reduced by the related bad debts in keeping with section 69 of the *Act respecting the Agence du revenu du Québec* (CQLR, chapter A-7.003). Further, revenue from income taxes and taxes on goods have been reduced by the refundable tax credits stipulated in the Taxation Act (CQLR, chapter I-3), given that, under this Act, these credits are an advance on income tax payable, i.e. an overpayment on income tax payable.

Certain 2014-2015 data were reworked to reflect accounting changes or reclassified to comply with the structure of ministerial portfolios and government programs of the Expenditure Budget 2015-2016. This structure, in turn, reflects the program structure resulting from the composition of the Cabinet announced on February 27, 2015. The main changes to the structure of programs are presented in pages 9, 10 and 11 of the Expenditure Budget 2015-2016 – Estimates of the Departments and Bodies.

Part A is divided into four sections.

Section 1, pursuant to the provisions of section 86 of the *Financial Administration Act*, presents the report of excess expenditures and other costs of the Government departments and Government budget-funded bodies over the appropriations authorized by Parliament.

Section 2 presents summary information on revenue and expenditures for each portfolio.

Section 3 presents the detail of revenues, authorized appropriations, expenditures and other costs for each portfolio.

More specifically, it contains:

- revenue by category, subcategory and sub-subcategory;
- authorized appropriations, expenditures and other costs by program, program element and supercategory;
- change in initial appropriations by program;
- transfers by financial assistance and recipient category;
- transfers and amounts allotted to a special fund by category.

Section 4 presents a summary of the operations carried out in the specified purpose accounts administered by the National Assembly, the Government departments and the Government budget-funded bodies.

Specified purpose accounts are a financial management mechanism, provided for in sections 6 and 7 of the *Financial Administration Act*, that allows using a separate account to report money received, from a third party and paid into the General Fund, under a contract or an agreement that provides for the money to be allocated to financing a specific activity. This allows the entity responsible to effect expenditure up to the amount received without having to obtain or expend appropriations.

FOREWORD (cont'd)

Part B: Special funds

This part reports on the operations of the special funds. A special fund is a fund established by a Act to provide for certain financial commitments of a minister, a budget funded body or a body other than a budget-funded body exercising an adjudicative function.

Special fund-related information is presented under the Government department responsible for the fund. The funds' financial data is accounted for in accordance with the *Directive sur les conventions comptables du gouvernement* adopted by the Conseil du trésor.

Part B is divided into three sections.

Section 1 pursuant to the provisions of section 86 of the *Financial Administration Act*, presents the report of excess expenditures and investments of special funds over the amounts approved by Parliament.

Section 2 presents information on revenues, expenditure, investments and forecasts under these different headings. It also includes a follow-up on changes in the fund's cumulated surplus and deficit for each special fund.

Section 3 presents summary financial statements of the special funds and conciliates this information with the sector-specific information related to each fund presented in Section 1 of Volume 1 of the Public Accounts 2015-2016.

Rounding

The amounts indicated in the tables have been rounded to thousands of dollars. As a result, the sum of the amounts shown may not correspond to the totals.

Other information

Information on remuneration, suppliers of goods and services, beneficiaries of transfers and allocations to a special fund is available for consultation on the Ministère des Finances website (www.finances.gouv.qc.ca).

DEFINITIONS

APPROPRIATIONS

◇ *Authorized appropriations*

Authorized appropriations include voted and permanent appropriations. They allow Government departments and Government budget-funded bodies to use the General Fund to engage in expenditures, fixed asset acquisitions, loans, investments and advances, and to assume other costs.

◇ *Permanent appropriations*

Permanent appropriations are appropriation that have already been authorized, by specific legislation, and that Parliament need not vote annually. Generally speaking, each piece of legislation specifies that the amounts required for the activities contemplated by these statutes are paid for out of the Consolidated Revenue Fund's General Fund. For these appropriations, the annual authorized amounts correspond to those stipulated in that year's *Expenditure Budget* adjusted upwards, if need be, to cover additional expenditures and other costs.

◇ *Voted appropriations*

Voted appropriations represent appropriations for the fiscal year authorized by annual legislation over appropriations adopted by Parliament. They correspond to the portion of expenditures and investments estimated for a given fiscal year and not covered by previously voted legislation.

SUPERCATEGORIES ¹

◇ *Remuneration*

This supercategory includes expenditures incurred in the course of carrying out Government departments' and Government budget-funded bodies' programs for normal remuneration, overtime and certain other indemnities paid directly by the Government to permanent, part-time employees and temporary employees including students and seasonal personnel, the salaries and indemnities paid to members of the National Assembly, anyone appointed or designated by it to perform duties under its responsibility, the personnel it manages, judges and members of the Sûreté du Québec. It also includes all of the employee benefits and other contributions paid by the Government as an employer.

¹ SECRÉTARIAT DU CONSEIL DU TRÉSOR, *Recueil des politiques de gestion*, Volume 9, Chapter 2; Directive concernant la classification des dépenses et des déboursés.

DEFINITIONS (cont'd)

◇ *Operating*

This supercategory includes expenditures incurred in the course of carrying out Government departments' and Government budget-funded bodies' programs, excluding expenses for remuneration, transfers and amounts allotted to special funds, doubtful accounts and other allowances, and debt service. It includes estimated costs linked to reassessment and the Government's new obligations related to contaminated property rehabilitation and fixed asset amortization.

◇ *Doubtful accounts and other allowances*

This supercategory includes expenditures resulting from changes in the allowance for doubtful accounts, the allowance for losses on financial initiatives guaranteed by the Government and the valuation allowance for loans, investments and advances.

◇ *Transfer*

This supercategory includes expenditures that are paid out to provide beneficiaries with various forms of financial support. These expenditures do not constitute direct acquisitions of goods and services for the Government, or amounts granted for the purpose of obtaining a return, as in the case of an investment, or amounts for which it expects to be reimbursed in the future as in the case of loans.

◇ *Allocation to a special fund*

This supercategory includes expenditures incurred for a special fund whose costs are covered partly or fully by the Government department or Government budget-funded body in applying a legislative provision to this effect. These amounts may, notably, cover a special fund's payroll expenditures, operating expenses and debt service charges.

◇ *Debt service*

This supercategory includes debt service charges, amortization of discounts and premiums, amortization of deferred expenses and unrealized exchange gains and losses, foreign exchange expenditures, and other costs associated with debt management. It also includes interest on the retirement plans account, interest on the surviving spouses' pension plan and interest on accumulated sick leave in addition to interest related to public-private sector partnership agreements signed by Government departments and Government budget-funded bodies.

◇ *Fixed assets*

This supercategory is included in the capital budget. It includes costs incurred for acquiring, building, developing and improving fixed assets, including those related to public-private sector partnerships and amounts related to the "Remuneration," "Operating" and "Debt service" supercategories when they apply to fixed assets.

DEFINITIONS (cont'd)

◇ *Loans, investments, advances and others*

This supercategory is included in the capital budget. It includes capital contributions and advances to Government agencies and enterprises, acquisition of Government or other enterprise shares or bonds, and loans granted to municipalities, non-profit organizations or natural/legal persons in the private sector. This supercategory also includes advances for the establishment or operation of local funds, advances to Government employees, sales taxes paid/payable (QST, GST/HST) posted when goods/services are acquired, inventory recording, prepaid expenses and, where applicable, commitments for previous years posted to the net debt.

CATEGORIES ¹

The **categories** "Remuneration," "Operating," "Debt service," "Doubtful accounts and other allowances," "Fixed assets" and "Loans, investments, advances and others" are the sole components of the supercategories of the same name and have the same definitions.

The "Transfer" and "Allocation to a special fund" supercategories break down as follows:

- ◇ Transfer - *Remuneration* includes transfers for the remuneration of employees of Government agencies, including those in the education and health and social services networks. It also includes the remuneration of health professionals.
- ◇ Transfer - *Operating* includes transfers for operating expenditure, other than remuneration, of Government agencies and agencies in the education and health and social services networks.
- ◇ Transfer - *Capital* includes transfers for the acquisition of subsidized fixed assets, including repayment of the principal on loans contracted for fixed assets.
- ◇ Transfer - *Interest* includes transfers for interest payments on loans contracted for fixed assets, when the debt service of a recipient Government agency, institution or establishment is wholly or partially assumed by the Government.
- ◇ Transfer - *Support* includes transfers for the financial support paid to recipients other than those indicated in the "Transfer – Remuneration," "Transfer – Operating," "Transfer - Capital" and "Transfer - Interest" categories.

¹ SECRÉTARIAT DU CONSEIL DU TRÉSOR, *Recueil des politiques de gestion*, Volume 9, Chapter 2; Directive concernant la classification des dépenses et des déboursés.

SPECIAL FUND INVESTMENTS

Special fund investments concern amounts incurred for acquiring, building, developing and improving fixed assets, including information assets.

GENERAL FUND

1. REPORT OF EXCESS EXPENDITURES AND OTHER COSTS OVER APPROPRIATIONS

REPORT OF EXCESS EXPENDITURES AND OTHER COSTS OVER APPROPRIATIONS

Fiscal year ended March 31, 2016

By annually adopting legislation respecting appropriations (voted appropriations) and by adopting provisions in other legislation (permanent appropriations), Parliament authorizes the Government to acquire fixed assets, loans and investments, and pay expenditures, advances and other costs out of the General Fund. When the National Assembly is not in session, appropriations may be established by authorizing special warrants under section 51 of the *Public Administration Act* (CQLR, chapter A-6.01).

All programs of the National Assembly, persons designated by the National Assembly or other portfolios, comprise voted appropriations and/or permanent appropriations. Authorization to incur expenditures using permanent appropriations is not restricted to the amount provided for in the expenditure budget. Voted appropriations that are unexpended at fiscal year end lapse unless the Government authorizes their deferral under section 45 of the *Public Administration Act*. Excess expenditure and other costs over voted appropriations must be entered in the year-end statement and paid out of the following year's appropriations. Where applicable, a report on the excess must be included in the Public Accounts pursuant to section 86 of the *Financial Administration Act* (CQLR, chapter A-6.001).

The statement of use of appropriations for the fiscal year ended March 31, 2016 shows that no excess expenditure or other Government cost was recorded in the accounts for voted appropriations. The voted appropriations were sufficient for charging all expenditure and other costs incurred.

(5) The decrease in revenues for 2016 from 2015 is due to the settlement in 2014-2015 of the dispute with the federal government regarding the Income Stabilization Program for 1991-1992. This program is designed to finance employment assistance measures. Emploi-Québec is Québec's public employment service responsible for labour market information, placement and active employment measures relating to the active labour market policy at the provincial, regional, local and sectorial levels. It is also responsible for the Act to promote workforce skills development and recognition (CQLR, chapter D-8.3) and the Act respecting workforce vocational training and qualification (CQLR, chapter F-5). Moreover, this program favours the mobilization and reciprocal commitment of all the players concerned by the operation of the labour market through the Labour Market Agreement.

This program is designed to make financial support services through the Emploi Québec network available to every individual who applies for them and demonstrates the need. More precisely, it allows individuals to receive assistance of last resort based on the difference between their resources and acknowledged essential needs. The social assistance and support programs allow beneficiaries to receive personalized support and accompaniment with the objective of an adequate preparation for participation in a specific measure or in an employment assistance program. In addition, this program contributes to the funding of community bodies in connection with their overall mission and also provides the Cree Hunters and Trappers Income Security Board with the funds required to support the traditional activities of the members of that community. It also provides appropriations to the Fonds québécois d'initiatives sociales and converts financial assistance benefits into employment assistance measures.

(3) The decrease in revenues for 2016 from 2015 is due to the cessation of Loto-Québec contributions on April 1, 2015. This funding is now assumed by the department.

(4) The increase in revenues for 2016 from 2015 is mainly due to a rise in eligible expenditures related to the ongoing computerization of the health network and the allocation of eligible expenditures under the Programme québécois d'adoption de dossiers médicaux électroniques.

(5) The decrease in revenues for 2016 from 2015 is mainly due to a decrease in decontamination costs related to the tragedy at Lac-Mégantic on July 6, 2013, as well as in transfer expenditures as part of the victim compensation program.

(6) The increase in revenues for 2016 from 2015 is due to important claims submitted in 2015-2016 with the conclusion of the 2013-2016 agreement for the shortline railway infrastructure restoration project.

REPORT OF SPECIAL FUNDS' EXCESS EXPENDITURES AND INVESTMENTS OVER AMOUNTS APPROVED

Fiscal year ended March 31, 2016

By approving annual expenditure and investment estimates in the special funds budget in keeping with section 48 of the *Financial Administration Act* (CQLR, chapter A-6.001), Parliament authorizes the minister or agency responsible for a special fund to effect expenditures and investments using the amounts credited to the special fund budget. This approval is given when adopting legislation respecting appropriations or specific legislation, notably when a special fund is created. When the National Assembly is not in session, a special warrant, issued under section 51 of the *Public Administration Act* (CQLR, chapter A-6.01), may authorize posting expenditures and investments to special funds. These authorizations are valid only for the fiscal year to which the estimates apply.

At fiscal year-end, for each special fund, actual expenditure and investments are compared to the amounts approved by Parliament for that fiscal year. A report on each excess must be included in the Public Accounts pursuant to section 86 of the *Financial Administration Act* (CQLR, chapter A-6.001). Unexpended amounts of approved expenditures and investments lapse. Excess expenditure and investments of a special fund over approved estimates is subject to Parliament's approval when this fund's estimates for the following fiscal year in which this excess is recognized are adopted.

For the fiscal year ended March 31, 2016, special funds' excess expenditure and investments over the amounts approved were noted for the following funds:

Under section 257 of this Act, the expenditure and investment estimates approved by Parliament for the Administrative Labour Tribunal Fund for the 2015-2016 fiscal year correspond to the sum of the available balances of the expenditures and investments approved for that fiscal year for the FCLP and FCRT.
