Bill 22

An Act to amend the Cities and Towns Act, the Municipal Code of Québec and the Act respecting municipal debts and loans

Introduction

Introduced by
Mr Claude Ryan
Minister of Municipal Affairs

Québec Official Publisher
1992

EXPLANATORY NOTES

This bill amends the rules governing the administration of municipalities enacted by the Cities and Towns Act and the Municipal Code of Québec.

First, in matters concerning municipal borrowings, local municipalities are authorized to contract loans by issuing new types of securities, the obligation to obtain the approval of qualified voters for a loan by-law passed for the sole purpose of obtaining plans and specifications is removed and the list of documents which must accompany the text of a by-law transmitted to the Minister for approval is replaced by a new formula permitting the Minister to determine which documents he wishes to obtain.

In addition, municipalities are authorized to invest, on a short-term basis, in securities issued by other municipalities or supramunicipal bodies.

In another connection, the bill changes the amounts of fines and the fine structure applicable to offences under municipal by-laws and increases to one year the prescription period for penal proceedings brought under the Cities and Towns Act or the Municipal Code of Québec.

The rules governing the awarding of contracts are amended by increasing the amounts beyond which public tenders and tenders by invitation must be called for. These new rules also allow a municipality to enter into a leasing contract in respect of movable property acquired by public tender or tender by invitation. Finally, the rules governing the awarding of insurance contracts are amended by allowing a municipality to renew an insurance contract with the same insurer for any term which, added to the initial term and to any preceding renewed term does not exceed three years.

The jurisdiction of municipalities in insurance matters is also modified to allow a council to adopt decisions regarding the

implementation of a group insurance scheme by resolution and to give retroactive effect to the resolution.

Local municipalities are given the power to create a common damage insurance corporation to insure themselves against damage to their own property or against the pecuniary consequences arising from damage caused to the property of others.

In addition, the powers of municipalities are broadened in matters of joint purchases and municipalities are authorized to provide containers and other garbage removal equipment to their citizens.

Finally, the bill amends the Act respecting municipal debts and loans in order to exempt a municipality from the obligation to transmit to the Minister of Municipal Affairs the resolution or by-law authorizing it to use loan surpluses for purposes other than those for which they were intended.
