## EXPLANATORY NOTES

*The object of this bill is to follow up two decisions rendered by the Supreme Court of Canada declaring certain sections of the Charter of the French language to be inoperative.*

*First, it lays down the rule that public signs and posters and commercial advertising, outside or intended for the public outside, must be solely in French.*

*It also provides that this rule applies inside public means of transport and certain establishments, particularly commercial centres.*

*Secondly, it requires public signs and posters and commercial advertising inside establishments to be in French. On the other hand, it allows them to be both in French and in another language, provided they are intended only for the public inside the establishments and that French is markedly predominant. It provides, further, that public signs and posters, outside, respecting cultural activities or the sale of the specialities of a particular ethnic group may be in both French and the language of that ethnic group.*

*In addition, it contains provisions designed to harmonize the language used in a firm name with that used in the public signs and posters or the commercial advertising in which the name appears.*

*This bill also contains a transitional provision, designed to give the owner of any advertising material a certain period of time to comply with the new rules respecting public signs and posters and commercial advertising.*

*Lastly, the bill contains a provision designed to ensure that certain of the rules it lays down are on a secure legal footing.*
