EXPLANATORY NOTES

The purpose of this bill is to provide a legislative framework for the management of property seized, restrained or forfeited pursuant to the Criminal Code and other federal legislation of a similar nature, in particular as part of efforts to curb profits from criminal activities and drug trafficking.

The Attorney General becomes responsible for the custody and administration of such property or of the fines in lieu of such property, as well as for the disposition of such property where it is forfeited to the State or deemed to be property without an owner and appropriated by the State.

The bill also provides for the sharing of the net proceeds from the disposition of such property between the Fonds d'aide aux victimes d'actes criminels, the community organizations active in crime prevention, municipal bodies, the Minister of Public Security if a police force was involved in the operations leading to the confiscation of the property or the imposition of the fines and the Minister of Justice in his capacity as Attorney General. The bill also provides that any balance remaining will be paid into the consolidated revenue fund.
