EXPLANATORY NOTES

This bill amends the Professional Code and several Acts constituting professional orders, mainly in order to facilitate the administration of the legislation governing the professions in Québec.

Under the bill, various rules concerning the use of professional titles are amended, the conditions governing the issuance of licences by the professional orders are made more flexible, and certain aspects of the procedure relating to discipline and regulation are clarified.

The bill grants additional powers to the Bureau of each order in connection with professional development activities, and expressly prohibits the concurrent holding of the positions of president and secretary of a professional order.

In addition, the bill changes the rules relating to the exercise of certain activities by the members of the professional orders; the sale of ready-to-wear reading glasses with identical strength in both lenses will be permitted, subject to certain conditions; and podiatrists will be authorized to manufacture, convert, modify and sell podiatric orthoses. The conditions governing the operation of a dental prosthesis laboratory are also specified by the bill.

Lastly, the bill contains provisions to ensure the harmonization, coherence and concordance of certain provisions of the Professional Code and the Acts governing the professions.
