RAPPORT ANNUEL DE L'AUDITEUR DE LA PROVINCE

Exercice financier 1941-42

Conformément aux dispositions de la Loi du revenu et de la vérification (a. 21, c. 72, S.R.), je sou mets mon rapport sur l'apurement des comptes de la Province au nom de l'Assemblée législative, pour l'exercice terminé le 31 mars 1942.

Plusieurs méthodes différentes de présentation des comptes publics ont été étudiées au cours de l'année et, après avoir obtenu l'assentiment de l'Exécutif, je vous offre une édition bilingue, en remplacement des versions française et anglaise qui ont été publiées jusqu'ici.

On remarquera que certains détails qui précédaient ou suivaient chaque nom dans les éditions précédentes ont été éliminés et que des renseignements additionnels ont été ajoutés au commencement de chaque item. Ceci permet de constater qu'en certaines circonstances il existe contradiction entre la nature de la dépense et le but visé au titre de l'article auquel elle est imputée. Ainsi, l'article "service civil" étudié en conjonction avec la Loi du Service civil (c. 11, S.R.) implique bien que la dépense faite sous ce poste ne doit se rapporter qu'à des traitements de fonctionnaires permanents ou temporaires du service intérieur; cependant, on pourra observer que des traitements de fonctionnaires temporaires ont été payés sous presque tous les titres du budget et qu'en diverses occasions des frais de bureau et autres dépenses ont même été imputés à cette rubrique. Cette situation n'est pas nouvelle, elle est la continuation des pratiques du passé et ne pourrait se corriger que par une meilleure forme de présentation du budget.

C'est souvent à regret que nous avons approuvé l'imputation de certaines dépenses à des articles du budget dont la définition ne correspondait pas clairement à l'emploi des fonds. Dans ces cas, nous nous sommes assurés que le détail des prévisions était conforme aux vues des officiers du département concerné. J'ai fréquemment représenté à ces officiers la nécessité de corriger le mode de préparation des budgets futurs.

Plusieurs officiers ont dû prendre part à la rédaction des états annexés au présent rapport et des détails s'y rapportant et, comme la forme en diffère de celle des années antérieures, l'uniformité n'a pas été atteinte. C'est l'intention de continuer à noter ce qui pourrait être amélioré, afin que la publication de l'an prochain soit plus près de l'objectif que nous avons en vue d'atteindre.

Les comptes de l'exercice sont résumés en divers états et annexes ci-après énumérés:

ÉTATS: Bilan.
Revenus et dépenses.
Sommaire de la caisse.
Prévisions budgétaires, crédits votés et dépenses.
Mandats spéciaux.

ANNEXES: A-1 à A-8 — Détail du bilan.
B-1 à B-14 — Distribution du revenu par sources en général et par département en particulier.
C-1 à C-19 — Dépenses classifiées par département.
D-1 à D-11 — Divers.

ANNUAL REPORT OF THE PROVINCIAL AUDITOR

Fiscal Year 1941-42

In accordance with The Provincial Audit Act (a. 21, c. 72, R. S.), I beg to submit my report on the Accounts of the Province, audited on behalf of the Legislative Assembly, for the financial year ended March 31, 1942.

During the course of the year, the different forms in which the Public Accounts could best be shown were considered; after having obtained the concurrence of the Executive Council, I now beg to submit them in a single bilingual edition instead of the separate French and English volumes which have been issued hitherto.

It will be seen that some details preceding or following names listed in previous reports have been eliminated and additional information is given at the beginning of the item. This rearrangement has the effect of showing that, in certain cases, there is a contradiction between the nature of the expenditure and the purpose of the heading of the Budget to which it has been charged. For instance, it is clear that the item "Civil Service", when it is considered in the light of the Civil Service Act (c. 11, R. S.), should only cover the payment of the salaries of the permanent and temporary officers and employees of the Interior service; it will however be noted that salaries of temporary employees were paid on nearly all the items of the Budget and, furthermore, that office and other expenses are also charged to the item "Civil Service". This is not a new development, it is merely the continuation of the practice followed in the past. It could only be corrected by modifying the form of the Budget.

I have in certain cases reluctantly approved that certain expenditures be charged to items of the Budget which did not appear properly to cover such expenses but, in each of such cases, I have satisfied myself, after discussion with the officers concerned, that the charge was not inconsistent with the purpose of the item as estimated when the Budget was prepared. I have frequently represented to these officers the necessity of correcting the method of preparing their future budgets.

Since various departmental officers have participated in the drawing-up of the statements annexed to the present report and of the relevant details, and since the form of the accounts differs from that followed in previous years, complete uniformity has not yet been attained. It is intended however, to consider what further improvements could be made, in order that next year's publication should more closely correspond to the objective we have in view.

The accounts of the fiscal period are summarized in the following Statements and Schedules:

STATEMENTS: Balance Sheet.
Revenue and Expenditure.
Summary of the Cash.
Statutory Estimates, Credits voted and Expenditures.
Special Warrants.

SCHEDULES: A-1 to A-8 — Details of Balance Sheet.
B-1 to B-14 — Distribution of Revenue by sources in general
and by department in particular.
C-1 to C-19 — Expenditures classified by department.
D-1 to D-11 — Miscellaneous.

La liste complète en est donnée à la suite du présent rapport.

RÉSULTAT DES OPÉRATIONS:

Tel que détaillé à l'état des revenus et dépenses, page A-9, les opérations de l'exercice se soldent par un excédent des revenus sur les dépenses de toute nature de \$1,988,258.60, alors que pour la période terminée le 31 mars 1941 les dépenses avaient excédé les revenus de \$15,944,912.58; de sorte que l'amélioration de la période en cours est de \$17,933,171.18.

Cependant, il est bon de noter qu'il est difficile de considérer ces deux années en parallèle, puisqu'elles ne couvrent pas une même longueur de temps: l'exercice 1940-41 ne comprend que neuf mois, tandis que celui de 1941-42 couvre une période de douze mois, du premier avril 1941 au 31 mars 1942.

DETTE NETTE:

La dette nette de la Province, comme le démontre le bilan, page A-4, est de \$313,154,915.35, ce qui représente une réduction de \$4,914,435.73 sur l'exercice précédent.

DETTE CONSOLIDÉE:

La dette consolidée moins les fonds d'amortissement (Annexe A-1), qui était de \$349,304,300.99 le 31 mars 1941, a été réduite de \$16,379,558.10, laissant un solde au 31 mars 1942 de \$332,924,742.89.

Les émissions échues durant le cours de l'année forment un total de \$27,970,000.00, alors que les nouvelles émissions en renouvellement n'ont été que de \$17,125,000.00. Cependant un emprunt de \$10,000,000.00, échu le 1er mars 1942, fut acquitté à même le produit d'une émission de bons du Trésor au montant de \$9,800,000.00.

COMPTES À PAYER:

Ce poste démontre une diminution de \$1,359,347.31 et se compare comme suit avec les chiffres de l'exercice précédent:

	31 mars 1942	31 mars 1941	Diminution

The complete list of Statements and Schedules is shown at the end of this report.

OPERATIONS OF THE FISCAL PERIOD:

As detailed in the Statement of Revenue and Expenditure, page A-9, the year's operations resulted in an over-all excess of Revenues over Expenditures of \$1,988,258.60, whereas for the period ended March 31, 1941, the Expenditures had exceeded the Revenues by \$15,944,912.58, — an improvement for the period under review of \$17,933,171.18.

It may be observed that these two financial periods cannot strictly be compared, since they do not cover the same length of time: the 1940-41 period covered but nine months whereas the period 1941-42 covers a full period of twelve months, i. e., from April 1, 1941, to March 31, 1942.

NET DEBT:

The Net Debt of the Province, as shown in the Balance Sheet, page A-4, amounts to \$313,154,915.35, —a reduction of \$4,914,435.73 over the figures for the previous period.

FUNDED DEBT :

The Funded Debt, less Sinking Funds (Schedule A-1), which amounted to \$349,304,300.99, on March 31, 1941, has been reduced on March 31, 1942, by \$16,379,558.10, to \$332,924,742.89.

The issues which matured during the course of the year totalled \$27,970,000.00, whereas new refunding loans amounted only to \$17,125,000.00, but a loan of \$10,000,000.00, which matured on March 1, 1942, was temporarily met by the issue of Treasury Bills amounting to \$9,800,000.00.

ACCOUNTS PAYABLE:

This item shows a decrease of \$1,359,347.31 and compares as follows with the figures of the previous year, viz:

	March 31, 1942	March 31, 1941	Decrease
Warrants issued and unpaid.....	\$ 3,616,388.08	\$ 5,087,486.34	\$-1,471,098.26
Public Charities Fund.....	270,000.00	250,000.00	+ 20,000.00
Miscellaneous.....	107,903.66	16,152.71	+ 91,750.95
	<u>3,994,291.74</u>	<u>5,353,639.05</u>	<u>1,359,347.31</u>

ACCOUNTS RECEIVABLE:

Compared with the previous year, the position is as follows:

	March 31, 1942	March 31, 1941	Decrease
Accounts Receivable.....	\$ 19,147,076.23	\$ 18,636,148.26	\$+510,927.97
Reserve for Doubtful Accounts.....	7,132,055.77	6,271,122.07	-860,933.70
	<u>12,015,020.46</u>	<u>12,365,026.19</u>	<u>350,005.73</u>

PRÊTS À L'OFFICE DU CRÉDIT AGRICOLE:

Les prêts à l'Office du Crédit Agricole durant le cours de l'exercice se sont élevés à \$7,300,000.00; par contre, l'Office a remboursé \$1,075,000.00, ce qui porte le solde du compte de \$32,700,000.00, qu'il était au début de la période, à \$38,925,000.00, tel qu'inscrit au bilan.

ESCOMPTE SUR OBLIGATIONS:

Les entrées aux livres durant le cours de la période ont été comme suit:

Solde au 31 mars 1941.....	\$ 5,481,783.81
Escompte sur émissions faites au cours de la période.....	589,687.50
	<hr/>
	6,071,471.31
Moins: montant amorti au cours de la période	599,649.76
	<hr/>
Solde au 31 mars 1942.....	<u>5,471,821.55</u>

IMMOBILISATIONS:

L'étude de ce poste m'a permis de constater que pour une partie des sommes qui y apparaissent il n'existe pas pour la Province d'actif correspondant. Il convient de noter que les dépenses en vertu des Lois de l'Aide aux chômeurs, quoique capitalisées tel que l'ordonne la Loi concernant les dépenses faites pour des travaux de chômage, 3 Geo. VI, c. 4, auraient pu apparaître sous une rubrique spéciale. Il en est de même de l'item "Loi pour sauvegarder les meilleurs intérêts de la colonisation" et autres.

Quoique les ponts autres que ceux mentionnés à la "Loi supprimant les péages" (c. 44, 6 Geo. VI) soient des propriétés municipales, leur coût est capitalisé pour la partie assumée par la Province. Il en est de même d'une partie des item "Loi de la Voirie" et "Construction de chemins" où la dépense supportée par la Province a été capitalisée, alors que le titre des propriétés est au nom des municipalités (Voir c. 141, S. R.).

Vu que cette pratique du passé n'est pas d'accord avec les principes comptables, elle devrait être amendée et on devrait en tenir compte lors de la préparation du budget.

Par la Loi de l'Enseignement spécialisé (5 Geo. VI, c. 48), les écoles techniques ou professionnelles, qui appartenaient antérieurement à une corporation indépendante, sont devenues la propriété de la Province. La valeur aux livres des immeubles de ces écoles, au montant de \$3,572,887.82, apparaît maintenant au bilan.

Les dépenses de l'année, classées par les départements sous la rubrique "Dépenses en Immobilisations", se sont élevées à \$17,857,224.53. Dans l'imputation de ces dépenses on a suivi la même méthode que par le passé.

REVENUS:

Le détail des revenus est donné à la page A-8 et aux diverses annexes de la série B.

Les principaux revenus avec le pourcentage qu'ils représentent sont comme suit:

LOANS TO QUEBEC FARM CREDIT BUREAU:

During the financial period, loans to the Bureau aggregated \$7,300,000.00 and refunds to \$1,075,000.00; the balance outstanding thus increased from \$32,700,000.00 at the beginning of the period to \$38,925,000.00, as shown in the Balance Sheet.

DISCOUNT ON BOND ISSUES:

Book-entries of the year were as follows:

Balance as of March 31, 1941	\$ 5,481,783.81
Discount on new issues	589,687.50
	<hr/>
	6,071,471.31
Less : Amortization	599,649.76
	<hr/>
Balance as of March 31, 1942	5,471,821.55
	<hr/>

CAPITAL EXPENDITURES:

The study I have made of this account has revealed that the Province does not hold any corresponding asset for part of the expenditures incurred under this head. It should be noted, however, that payments made in accordance with the Unemployed Aid Acts, although capitalized as prescribed by the Act respecting the expenditure incurred by the Government for Unemployment Works, 3 Geo. VI, c. 4, could have appeared under a special heading. The same remark applies to the item "Act to safeguard the best interests of Colonization", as well as to others.

Whilst bridges other than those mentioned in the "Act to abolish Tolls on Provincial Bridges" (6 Geo. VI, c. 44) are the property of municipalities, their cost is capitalized by the Province to the extent to which it contributed thereto. The same observation applies to expenditures under the "Roads Act" and "Construction of Roads", where the expenses incurred by the Province, were capitalized by the latter, although the ownership is vested in the municipalities concerned (See c. 141, R.S.).

This practice of the past not being in conformity with sound accounting principles should be changed and such changes reflected in the form of presentation of the Budget.

In accordance with the Specialized Schools Act (5 Geo. VI, c. 48), Technical or Professional Schools, which were previously owned by independent corporations, have become the property of the Province. The book-value of the immoveables of these Schools, amounting to \$3,572,887.82, is now shown in the Balance Sheet.

The expenditures of the year classified by the departments under the heading of "Capital Expenditures" amounted to \$17,857,224.53. In the charging of these expenditures, the same practices as in the past have been followed.

Of this latter sum, \$1,000,000.00 was credited to Public Charities Fund (Page D-20) and the balance to Ordinary Revenue.

EXPENDITURES:

In order to permit of a comparison with the figures contained in the previous report, I now summarize in the same form the Estimates and Expenditures shown in the Statement of Estimates, page A-12:

Tel que déjà mentionné au début de ce rapport, les revenus ont excédé les dépenses de toute nature de \$1,988,258.60.

Les dépenses de chaque département sont détaillées aux annexes de la série "C" et résumées à l'état sommaire en première page pour chacun.

COMMENTAIRES :

De même que pour l'année précédente, durant le cours de l'exercice certaines propriétés ont été achetées à terme, et la partie impayée n'a pas été portée à la dépense et n'apparaît pas aux livres de la Province. Le détail en est donné à l'Annexe A-8 du bilan.

Une vérification chez le comptable de l'Assemblée législative a révélé que les règles édictées par les articles 83, 84 et 88 du chapitre 4, S. R., ne sont pas observées, en ce que partie de l'indemnité est payée d'avance, au lieu d'être acquittée à la fin de chaque mois au taux de \$10.00 par jour de présence. De plus, l'état indiquant le nombre de jours de présence au cours du mois, ou de la session, n'est pas remis au comptable de l'Assemblée législative. J'ai demandé aux personnes en autorité de voir à ce qu'on se conforme à la loi, ou, si elle ne représente plus l'idée des législateurs, qu'on propose des amendements.

Les états et leurs détails, tels que présentés à la suite de ce rapport, ne représentent pas nécessairement mes vues. Ils sont reproduits comme étant l'expression des comptes existants dans les livres des départements, sujets aux remarques qui précèdent.

Comme ma nomination date du 1er octobre 1940, la présente année est la première période fiscale complète durant laquelle la vérification a été faite sous ma direction. Il m'est agréable de dire que j'ai beaucoup apprécié la collaboration de mes collègues et autres officiers des divers départements ainsi que la loyauté et le dévouement de mon personnel.

L'Auditeur de la Province,

A. J. DOLBEC, C.P.A.

Québec, 16 février 1943.

As already mentioned in the present report, the Revenues of the year have exceeded the Expenditures of all classes by \$1,988,258.60.

Departmental Expenditures are detailed in Schedules "C" and duly summarized at the beginning of each of the sub-schedules concerned.

COMMENTS:

As in the previous year, certain properties payable by instalments, have been purchased during the fiscal period, and the unpaid balances have not been carried as an expense and are not shown in the books of the Province. Particulars concerning these purchases are shown in Schedule A-8 to the Balance Sheet.

An audit made in the office of the Accountant of the Legislative Assembly disclosed that sections 83, 84 and 88 of chapter 4 of the Revised Statutes have not been carried out, inasmuch as the indemnity is paid in advance, instead of being acquitted at the end of each month at the rate of \$10.00 per day's attendance. Furthermore, the statement showing the number of days' attendance during the month or session, as the case may be, is not furnished to the accountant of the Legislative Assembly. I have accordingly requested those in authority that the Law should be followed or amended if it should no longer correspond to the intentions of the Legislators.

The statements and relevant details which follow this report do not necessarily express the views of the undersigned. They are submitted as being the expression of the accounts standing in the books of the departments, subject to preceding remarks.

My appointment dating from October 1, 1940, the present year is the first complete fiscal period during which the verification has been made under my direction. I am pleased to express my appreciation of the collaboration of my colleagues and other officers of the various departments as well as of the loyal and efficient services rendered by my staff.

A. J. DOLBEC, C. P. A.,

Provincial Auditor.

		\$ 875,500.00	236,166.38	639,333.62

Remarque:

Le Gouvernement de la Province a aussi pris possession, le 1er juillet 1940, des ponts Plessis-Bélair et de Bellefeuille, tel qu'autorisé par la Loi 4 Geo. VI, c. 33, mais le prix d'achat n'avait pas encore été établi lors de la fermeture des livres au 31 mars 1942.

Note:

The Government of the Province on the 1st July, 1940, also took possession of the Plessis-Bélair and de Bellefeuille bridges, under authority of the Act 4 Geo. VI, c. 33, the purchase price not being established when the books were closed as of March 31, 1942.

Tel qu'expliqué au rapport de l'an dernier, la partie impayée de l'achat des propriétés ci-haut décrites n'apparaît pas au bilan, page A-4. Cependant, la somme de \$236,166.38 payée en acompte a été inscrite à ce même état sous le titre "Immobilisations" et a également été portée comme dépense, conformément à l'opinion de l'honorable Procureur général, annexée au rapport de l'an dernier.

As explained in the report of last year, the unpaid balance of the purchase price of the properties described above do not appear in the Balance Sheet, page A-4. However, the sum of \$236,166.38 paid on account of their purchase is shown under the title "Capital" and carried as an expenditure, in conformity with the opinion of the Attorney General, which is annexed to last year's report.
