La loi créant le département du Bien-être social et de la Jeunesse, 10 Geo. VI, c. 22, a été mise en vigueur par proclamation le 18 septembre 1946. La gestion des appropriations budgétaires concernant les activités qui sont maintenant sous la juridiction de ce nouveau département, fut partagée avec les départements du Secrétaire de la province et du Travail auxquels il a succédé. Pour faciliter la compréhension des états soumis, nous avons cru préférable de représenter toutes les transactions sous la rubrique du département du Bien-être social et de la Jeunesse, à l'annexe C-3.

## REPORT OF THE PROVINCIAL AUDITOR

Fiscal Year 1946-47

---

I beg to submit hereafter my report on the operations of the fiscal year under review as well as on the financial situation as at March 31, 1947.

The surplus of revenue over all expenditures of the period is of \$2,184,694.21. Revenues have reached the sum of \$133,405,956.15 and Expenditures aggregated \$131,221,261.94, as shown on the statement of Revenue and Expenditures to which it is referred hereafter. Last year, my report showed Revenues of \$110,321,293.22 and Expenditures of \$108,530,798.67 which indicate an increase in Revenues of \$23,084,662.93 and of \$22,690,463.27 in Expenditures.

The following principal statements and schedules are presented in the usual form:

A table of contents precedes this report.

The Act instituting the Department of Social Welfare and of Youth, 10 Geo. VI, c. 22, was put into effect by proclamation on the 18th of September, 1946. The administration of the budgetary appropriations for the various items which are now under the jurisdiction of this new department, was shared with the Departments of the Provincial Secretary and of Labor. For a clearer understanding of the statements submitted, we have thought it advisable to show all the transactions under the caption "Social Welfare and Youth", Schedule C-3.

### BALANCE SHEET:

Information relative to the various items of the Balance Sheet, as well as an analysis of the changes that occurred during the course of the year, appear in Schedules A-1 to A-18, pages 17 to 36.

Le bilan révèle que la dette nette de la province a été abaissée à \$284,915,-911.19 durant l'exercice en cours, ce qui représente une diminution de \$14,496,-261.81 sur l'année précédente.

Les émissions d'obligations rachetées durant le cours de l'année sont de \$4,500,000.00 tel que détaillé à l'annexe C-23, page 2. En plus, une somme de \$2,540,625.91 a été portée à un compte de banque spécial pour pourvoir au rachat de l'emprunt 3% émis à Paris en 1894.

Aucune nouvelle émission n'a été mise sur le marché durant le cours de la présente année fiscale.

Afin de pourvoir à l'insuffisance des fonds d'amortissement qui avaient été prévus lors de l'émission à un taux d'intérêt plus élevé que le cours actuel, on a réservé en plus des montants statutaires, en fin d'année, une somme de \$4,000,-000.00 pour placement en 1947-48, tel qu'il appert à l'annexe A-10.

Les valeurs détenues pour fonds d'amortissement se répartissent maintenant comme suit:

		<u>%</u>
Province de Québec.....	\$ 66,941,399.29	86.82
Dominion du Canada.....	939,405.51	1.22
Cités, municipalités, commissions scolaires, etc.....	3,974,943.54	5.15
Hôpitaux et autres institutions...	5,251,467.35	6.81
	<u>77,107,215.69</u>	<u>100.00</u>

Les Comptes publics de 1945 (page 23, C-17) démontraient une dépense de \$150,000.00 en paiement d'une partie du déficit d'exploitation du pont Montréal-Jacques-Cartier. Quoiqu'un chèque ait été émis dans le temps, il ne fut jamais livré et il fut annulé en 1946; comme virement d'entrée, on porta cette somme au crédit du compte "Surplus consolidé", annexe A-9. Le paiement des contributions subséquentes prévues à la loi 16 Geo. V, c. 2 a été suspendu depuis.

Une somme de \$356,300.00 due sur l'acquisition d'édifices publics et de ponts, tel qu'indiqué à l'annexe A-7, n'est pas inscrite comme telle aux livres ni à l'état du bilan suivant une opinion émise par le Procureur général et jointe à mon rapport de 1941.

Le passif indirect se rapportant aux obligations et emprunts garantis par la province est détaillé à l'annexe A-19, au total de \$61,479,957.52; de ce montant, une somme de \$51,000,000.00 se rapporte à la Commission hydroélectrique de Québec. En plus, les annexes A-20 et A-21, pages 39 et 41, donnent le détail des engagements sur le fonds de l'assistance publique et aussi pour les asiles d'aliénés, au total de \$31,910,102.29.

#### REVENUS:

Le tableau de tous les revenus est donné à la page 6 et le détail par département est donné aux diverses annexes "B", pages 44 et suivantes.

The Balance Sheet discloses that the Net Debt of the Province has dropped to \$284,915,911.19 during the fiscal year under review, representing a decrease of \$14,496,261.81 as compared with the previous year.

During the course of the year, bonds aggregating \$4,500,000.00 have been redeemed (Schedule C-23, page 2). Furthermore, a sum of \$2,540,625.91 was carried in a special bank account to provide for the redemption of the 3% loan issued in Paris in 1894.

No new issue has been floated during the present fiscal year.

In order to make up for the insufficiency of the Sinking Funds for which provision had been made at the time of issue at a rate of interest higher than that now prevailing, a reserve of \$4,000,000.00 was set aside at the end of the year over and above the statutory amounts for investments in 1947-48, as appears in Schedule A-10.

The securities held for Sinking Fund purposes are now as follows:

		<u>%</u>
Province of Quebec.....	\$ 66,941,399.29	86.82
Dominion of Canada.....	939,405.51	1.22
Cities, Municipalities, School Commissions, etc.....	3,974,943.54	5.15
Hospital and Other Institutions.	5,251,467.35	6.81
	<u>77,107,215.69</u>	<u>100.00</u>

The 1945 Public Accounts, page 23, C-17, reported an expenditure of \$150,000.00 as the contribution of the Province to the operating deficit of the Montreal-Jacques-Cartier Bridge. Though a cheque was then issued in favor of the Montreal Harbor Commission, it remained undelivered and was cancelled in 1946. The reversed entry is shown in Schedule A-9 to the credit of "Consolidated Surplus Account". The annual payment provided for in the Act 16 Geo. V, c. 2, has been suspended since.

A sum of \$356,300.00, part of which dating back to 1941, due for the acquisition of Public Buildings and Bridges shown in Schedule A-7, is not entered as such in the books nor in the Balance Sheet: the Department of Public Works acting in conformity to an opinion of the Attorney-General attached to my report of the year 1941.

The contingent liabilities relating to Debentures and Loans guaranteed by the Province aggregate \$61,479,957.52, of which \$51,000,000.00 is for The Quebec Hydro-Electric Commission as shown in Schedule A-19. Furthermore, the commitments on Public Charities Fund and on Lunatic Asylums appear in Schedules A-20 and A-21, pages 39 and 41, for a total of \$31,910,102.29.

#### REVENUE:

The statement of revenues of all categories is given on page 8, and the details by departments appear on the various Schedules "B", pages 44 and following.

La catégorie de ces revenus, leur importance relative en pourcentage, le montant de l'année en cours et l'augmentation sur l'année précédente sont comme suit:

	<u>100.00</u>	<u>133,405,956.15</u>	<u>23,084,662.93</u>

L'augmentation de revenu indiquée ci-haut, à l'article "Droits sur les successions", est partiellement due à un changement dans le mode de comptabilisation des revenus différés; il a été reconnu plus conforme à l'esprit des articles 34 et 39 de la loi que la ligne de démarcation entre les périodes pour l'établissement des charges soit conditionnée à un délai de quatre mois au lieu de six, tel que par le passé. Ce changement nous donne le revenu d'une période de quatorze mois, ce qui représente une augmentation de \$3,301,663.23.

L'augmentation se rapportant à l'article "Ressources naturelles" est aussi partiellement due à un changement de méthode ayant pour but d'améliorer la perception au département des Terres et Forêts: les droits de coupe sont maintenant exigibles à compter de trente jours après l'envoi aux concessionnaires forestiers d'une facture établissant le montant des dits droits; en plus, le calcul du mesurage nécessaire à l'établissement de ces factures a été considérablement accéléré, ce qui fait que durant la période en cours, les factures pour droits de coupe de la saison 1946-47 furent établies au montant de \$6,113,024.58 et créditées au compte de Revenu, alors qu'antérieurement ces factures n'auraient été faites que durant le cours de l'année suivante et auraient conséquemment fait partie des revenus de l'année 1947-48. Cependant, la réception des paiements fut lente au début et, du total de ces droits, une somme de \$2,957,876.31 seulement fut encaissée avant le 31 mars.

L'article "Taxe sur la vente au détail" démontre une diminution apparente de \$5,327,748.62; en réalité, les revenus provenant de cette taxe ont augmenté de \$4,373,329.08 mais, comme ils sont maintenant partagés avec le "Fonds d'éducation" (B-15), il en résulte une diminution au compte du revenu ordinaire.

These various revenues, their relative importance in percentages, the amount for the fiscal period 1946-47 for each and the increase over the previous year are as follows:

Sources	Percent- age	Amount	Increase
<b>TAXES:</b>			
On Transfers of Shares, Bonds, etc...	.59	\$ 783,307.90	\$ 171,875.39

	<u>100.00</u>	<u>133,405,956.15</u>	<u>23,084,662.93</u>

The above increase in the revenue from Succession Duties is partially due to changes made in the method of accounting for deferred revenues; it has been recognized that the intention of sections 34 and 39 of the Act would be more closely observed by shortening from six months, as in the past, to four months, the period within which charges had to be made. As the result of this change, the revenues of the year under review cover fourteen months, instead of twelve as in the past, involving an increase of \$3,301,663.23.

The increase in revenues from "Natural Resources" is also due in part to a change of method made with a view to improve the collection by the Department of Lands and Forests. The stumpage dues are now exigible thirty days after the mailing of an itemized invoice to the timber limit holders. Furthermore, the scaling calculations required for the establishment of these invoices have been accelerated, with the result that the invoices issued for stumpage dues of the season 1946-47, to a total of \$6,113,024.58, were credited to the Revenue Account of the current year, whereas, in the past, these accounts were only prepared in the following year and would have formed part of the revenue of 1947-48. Payments, however, were rather slow at the beginning, and out of the total dues a sum of \$2,957,876.31 only was cashed before the 31st of March.

The item "Tax on Retail Sales" shows an apparent decrease of \$5,327,748.62, whereas, in reality, the revenues from this source have increased by \$4,373,329.08. The point is that half of these revenues being now credited to the "Education Fund" (B-15), a corresponding reduction occurs in the Revenue Account.

En ce qui concerne le fonds d'éducation (annexe B-15, page 52), il est à noter que le résidu non utilisé au 31 mars de l'année 1947, au montant de \$6,165,-484.10, a été versé au fonds consolidé du Revenu pour être appliqué à des fins d'éducation, pour et pendant l'exercice financier suivant, conformément aux dispositions de l'article 24 de la Loi pour assurer le progrès de l'éducation (10 Geo. VI, c. 21, modifiée par 11 Geo. VI, c. 33).

L'article "Loi des pensions" démontre une diminution apparente de \$515,-774.93 due à un changement dans la méthode de présentation des comptes que j'ai moi-même suggéré, ce qui n'affecte pas cependant le résultat net de l'année. Contrairement aux années antérieures, le paiement des pensions a été appliqué directement contre l'encaissement. Comparant avec l'an dernier, on constate une augmentation au montant de \$120,575.83.

Le Dominion du Canada a compensé la perception des taxes qui ont été suspendues suivant la loi 6 Geo. VI, c. 27, conformément à l'entente alors existante, se rapportant à la taxe sur les corporations, à l'impôt sur le revenu et au recouvrement des subsides de chemins de fer, tel qu'il appert à l'annexe B-14.

Les diverses municipalités énumérées à l'annexe C-23, page 3, ont reçu pour leur part de l'impôt sur la vente au détail applicable dans les limites de leurs municipalités, une somme de \$11,428,217.06 à comparer à \$8,864,068.95 l'année précédente.

#### DÉPENSES:

Les prévisions budgétaires, les mandats spéciaux et les dépenses qui leur sont imputés se résument comme suit:

	Montant des prévisions	Montant de la dépense et avances	Dépensé en plus	Dépensé en moins

Excédent des dépenses sur les prévisions.....			<u>19,848,917.30</u>	

Un tableau des dépenses par département est donné à l'état des Revenus et dépenses, page 6; le détail par article du budget est donné à l'annexe "C" de chaque département.

Un tableau général des dépenses par nature a été préparé en vue de renseigner les intéressés sur l'ensemble des dépenses par nature pour tous les départements; il est reporté à la page 11.

Ce que j'ai écrit à mes rapports des années antérieures, concernant les méthodes suivies par le Service des Achats, pourrait être répété; il n'y a aucun changement dans les méthodes du passé et, de nouveau, je dis qu'il serait recommandable que les méthodes d'affaires du commerce et de l'industrie soient adoptées.

Je dois aussi répéter qu'il est nécessaire que des règlements soient promulgués pour que soit faite l'inscription des présences et des absences des employés nommés à titre continu.

As regards the Education Fund (Schedule B-15, page 52), it is to be noted that the balance unused on the thirty-first day of March of the year 1947, amounting to \$6,165,484.10, was transferred to the Consolidated Revenue Fund to be applied for educational purposes, for and during the following fiscal year, in pursuance of the provisions of section 24 of the Act to insure the Progress of Education (10 Geo. VI, c. 21, amended by 11 Geo. VI, c. 33).

The "Pension Act" item also shows an apparent decrease of \$515,774.93 due to a change in the form of the accounts, which was recommended by us. Nevertheless, this does not affect in any way the net result of the year. Contrarily to the procedure followed in the past, the payment of the pensions has been applied directly against the monies paid in. Should the revenues had been established on last year's basis, this item would have shown an excess of Receipts of \$120,575.83 over the previous period.

In conformity with the then existing agreement, the Dominion of Canada has compensated the Province for the non-collection of Taxes on Corporations, Income Tax and Railway Subsidies, which had been suspended under the Act 6 Geo. VI, c. 27, as shown in Schedule B-14.

The various municipalities enumerated in Schedule C-23, page 3, have received as their share of the Tax on Retail Sales collected within their limits a sum of \$11,428,217.06, as compared with \$8,864,068.95 for the previous year.

For the information of those interested in the governmental expenditures as a whole, a general summary of the Expenditures classified by objects is shown on page 11.

The comments made in my previous reports concerning the methods followed by the Purchasing Service could be repeated here, the procedure of the past not having been improved in any way. I therefore wish to emphasize that regular business practices should be followed.

I also wish again to mention that regulations should be enacted to provide for the recording of presences and absences of employees appointed to a continuous employment.

## ANNEXE — SCHEDULE A-3

### PUISSANCE DU CANADA — DOMINION OF CANADA:

#### Dette nette — Net Debt:

Dû à la province — Due the Province..... 2,549,213.61

Montant capitalisé, pour la période 1867-1873, découlant de la revision de la dette allouée aux provinces de Québec et d'Ontario par l'art. 112 de l'Acte de l'Amérique Britannique du Nord (voir 36 Vict., c. 30 et 47 Vict., c. 4). L'intérêt est payé semestriellement au taux de 5%.

Capitalized amount for period 1867-1873, due to the revision of the debt allowed to the Provinces of Quebec and Ontario under art. 112 of the British North America Act (See 36 Vict., c. 30 and 47 Vict., c. 4). Interest at the rate of 5% is paid half-yearly.

Dû par la province — Due by the Province..... 1,473,609.68

Ce montant provient d'ajustements financiers datant de l'époque où la province entra dans la Confédération. L'intérêt est payé semestriellement au taux de 4%. 1,075,603.98

This amount results from financial adjustments dating back to the time the Province entered the Confederation. Interest at the rate of 4% is paid half-yearly.

Fonds commun des écoles — Common School Fund..... 1,283,173.60

Ce fonds a son origine en 1842. En 1893, il fut établi à \$2,457,688.62 par trois arbitres nommés à cet effet; on décida que ce fonds ne serait pas distribué et qu'un intérêt au taux de 5% serait versé semestriellement. La répartition fut faite entre Ontario et Québec sur la base de leur population et rajustée par la suite lors de chaque recensement.

This fund dates back to 1842. In 1893, it was established at \$2,457,688.62 by three arbitrators named for that purpose; it was decided that this fund would not be distributed and that interest at the rate of 5% be paid half-yearly. The apportionment between Ontario and Quebec was based on their respective population and has been adjusted periodically after each census.

2,328,777.58

## ANNEXE — SCHEDULE A-4

CONTRAT AVEC — CONTRACT WITH: LA BANQUE CANADIENNE NATIONALE..... 8,455,549.66

La Banque Canadienne Nationale, s'étant prévalu de l'article 3 de la loi 14 Geo. V, c. 3, a versé à la province le 31 décembre 1943, la somme de \$1,467,686.87, représentant tous les versements futurs.

Tenant compte de ce montant, des versements antérieurs et de l'intérêt accumulé, le fonds d'amortissement au 31 mars 1947 s'élevait à \$6,544,450.34. L'écart entre ce montant et \$15,000,000.00 représente les intérêts composés à 5% qui s'accumuleront d'ici l'échéance en 1964. Le taux de rendement moyen sur les placements du fonds est d'environ 4% et la tendance est à la baisse; il en résulte donc que la province subit la perte de la différence entre le taux réel et celui de 5% fixé par la loi. Pour 1946-47, cette perte fut de \$62,567.75 et apparaît à l'Annexe C-22, page 3.

La Banque Canadienne Nationale, taking advantage of section 3 of the statute 14 Geo. V, c. 3, prepaid to the Province under date of December 31, 1943, the sum of \$1,467,686.87, representing all future instalments.

Including this prepayment, previous instalments and accumulated interest, the sinking fund, as at March 31, 1947, amounted to \$6,544,450.34. The difference between this latter amount and \$15,000,000.00 represents compound interest at the rate of 5% which will accumulate between now and 1964. The average interest yield on investments in the fund is approximately 4% and the trend for the future points towards a decreasing rate. The Province as a result suffers the loss of the difference between the actual yield and the rate of 5% set by law; for 1946-47, the loss amounted to \$62,567.75 as shown on Schedule C-22, page 3.

Le Gouvernement de la province a pris possession, le 1er juillet 1940, des ponts Plessis-Bélair et DeBellefeuille, tel qu'autorisé par la loi 4 Geo. VI, c. 33. Dans le cas du pont Plessis-Bélair, la Régie des services publics, par son ordonnance du 18 juin 1943, fixa le prix à \$109,899. La Cour du Banc du Roi a maintenu cette décision par un jugement rendu le 27 avril 1945 et la Cour Suprême a maintenu la même décision par un jugement en date du 19 juin 1946. Le Gouvernement de la province avait antérieurement versé aux expropriés, en acompte, la somme de \$167,000, soit un excédent de \$57,101 sur le prix fixé par le jugement.

The Government of the Province, on July 1, 1940, took possession of the Plessis-Bélair and DeBellefeuille bridges, under authority of the Act 4 Geo. VI, c. 33. Concerning the Plessis-Bélair bridge, the Public Service Board, by its Regulation of June 18, 1943, determined the price at \$109,899. The Court of King's Bench maintained this decision by a judgment rendered April 27, 1945, and the Supreme Court maintained the same decision by a judgment rendered on June 19, 1946. The Government of the Province had previously paid a total sum of \$167,000 to the litigants, an excess of \$57,101 over the price determined by the judgment.

**Remarque:** Le Dépt du Bien-être social et de la Jeunesse a été constitué par la Loi 10 Geo. VI, c. 22, sanctionnée le 17 avril 1946 et mise en vigueur par proclamation le 18 septembre 1946.

Pour l'année en cours, la gestion des appropriations budgétaires fut partagée entre le nouveau département et ceux du Secrétaire de la province et du Travail; cependant, pour plus de clarté, il a été jugé préférable d'attribuer au nouveau département, à compter du 1er avril 1946, l'ensemble des opérations financières qui sont maintenant de sa juridiction.

La lettre (S) indique le Dépt du Secrétaire de la province et la lettre (T) le Dépt du Travail.

**Note:** The Dept. of Social Welfare and of Youth was constituted by the Act 10 Geo. VI, c. 22, assented to on April 17, 1946, and brought into force by proclamation on September 18, 1946.

During the year under review, the administration of the budget was divided between the newly created department and those of the Provincial Secretary and Labor. However, in order to have a clearer presentation, it was found advisable to consolidate in the new department, from April 1, 1946, all the financial transactions now coming under its jurisdiction.

The reference (S) indicates the Dept. of the Provincial Secretary and the reference (T) the Dept. of Labor.
