RAPPORT DE L'AUDITEUR DE LA PROVINCE

Exercice financier 1944-45

J'ai l'honneur de soumettre ci-après mon rapport sur la vérification des Comptes publics pour l'exercice terminé le 31 mars 1945.

Les élections du 8 août 1944 ayant porté le parti de "L'Union Nationale" au pouvoir, deux administrations se sont partagé la gestion des affaires publiques de l'année en cours: celle de l'Honorable Adélard Godbout, du 1er avril au 1er septembre 1944, et celle de l'Honorable Maurice L. Duplessis, de cette dernière date au 31 mars 1945.

Le compte de revenus et dépenses démontre des revenus de \$96,455,703.28 et des dépenses totales de \$104,433,258.65, laissant un excédent des dépenses de toute nature de \$7,977,555.37 sur les revenus de la période.

La dette nette de la province, tel qu'en fait foi le bilan, s'établit à \$308,-243,440.96 à la date de fermeture des livres.

Les états principaux et annexes qui suivent reflètent les transactions de l'année; ils sont présentés dans le même ordre que l'an dernier:

REPORT OF THE PROVINCIAL AUDITOR

Fiscal Year 1944-45

I have the honor to submit my report on the audit of the Public Accounts for the fiscal year ended March 31, 1945.

The National Union Party having come into power following the elections of the 8th of August, 1944, the management of the public affairs of the last fiscal year was divided between two administrations: Honorable Adélar Godbout directing from the first of April to the first of September, 1944, and Honorable Maurice L. Duplessis, from the latter date to the 31st of March, 1945.

The Revenue and Expenditure Account shows total revenues of \$96,455,703.28 and Expenditures of \$104,433,258.65, i. e., an excess of expenditures of all natures over the revenues of the period of \$7,977,555.37.

As attested by the Balance Sheet, the net debt of the Province stood at \$308,243,440.96 at the date of the closing of the books.

The following principal statements and schedules which reflect the transactions of the fiscal period are presented in the same order as in the previous year:

A table of contents precedes this report.

BALANCE SHEET:

The Assets and Liabilities have been summarized in the Balance Sheet in a lesser number of items; more elaborate details being given in Schedules "A" consequently I do not consider it necessary to comment thereon.

Last year, I reported the inability of "Verdun Protestant Hospital" to meet the payment at maturity of a bond issue of \$200,000, guaranteed by the

le gouvernement et le paiement par la province du montant de sa garantie; depuis, cette somme fut compensée par une subvention votée comme article 8 du Budget supplémentaire 1944-45, tel qu'il appert à l'annexe C-13, page 11.

La loi constituant la "Raffinerie de sucre de Québec" (7 Geo. VI, c. 23) autorise des avances à la corporation jusqu'à concurrence de \$2,000,000. Une somme de \$1,000,000 fut versée durant le cours de l'exercice précédent et portée à "Comptes à recevoir" (Bilan 1944, page 2 et annexe C-20, page 3); une égale somme fut versée durant le cours de l'exercice actuel (A-6, page 29). Après avoir conféré avec les officiers du Trésor, il fut convenu de traiter ces déboursés comme immobilisations, à cause des fins de construction auxquelles on les destinait; de plus, l'usine est érigée sur des terrains dont les titres sont demeurés au nom du gouvernement. Les entrées furent faites aux livres en conséquence et sont reflétées aux états de l'année en cours.

Les émissions d'obligations rachetées durant l'année se totalisent à \$20,-970,000 (annexe C-20, page 2), alors que les nouvelles émissions sont de \$40,970,000. Le détail en est donné à l'annexe A-16, page 36, sous le titre "Dettes consolidées".

REVENUS:

Le tableau des revenus est donné à la page 6 et le détail par département aux annexes "B", pages 49 et suivantes.

Government, and the liquidation of such guarantee by the latter. This sum has since been compensated for by a grant voted under article 8 of the Supplementary Estimates of 1944-45, as shown on page 11 of Schedule C-13.

The Act incorporating The Quebec Sugar Refinery (7 Geo. VI, c. 23) authorizes advances to the corporation up to the sum of \$2,000,000. During the course of the fiscal year 1943-44, a sum of \$1,000,000 was paid and carried to Accounts Receivable (Balance Sheet, 1944, page 4, and Schedule C-20, page 3) and an equivalent sum paid in the present fiscal year (A-6, page 29). After having conferred with the responsible officers of the Treasury Department, it was agreed that these disbursements be treated as capital, as they were intended for construction purposes; furthermore, the plant has been erected on grounds, the titles to which remain in the name of the Government. Entries have been made in the books accordingly and are reflected in this year's statements.

As detailed in Schedule A-16, page 36, "Funded Debt", new issues reached \$40,970,000. Bonds redeemed during the year aggregated \$20,970,000 (Schedule C-20, page 2).

Revenues are tabled on page 8 and details relative to the departments concerned shown in Schedules "B", pages 49 and following.

La comparaison avec le revenu de l'année 1943-44 démontre une augmentation de \$3,418,990.15. Voici, dans le même ordre que le tableau précédent, les augmentations et diminutions qui forment cette différence:

La loi relative à la suspension de certaines taxes en temps de guerre (6 Geo. VI, c. 27) fait que les taxes sur les corporations et l'impôt sur le revenu ne sont pas perçus par la province, mais compensés par le Dominion.

L'impôt sur la vente au détail, perçu pour le compte de divers groupes de municipalités, leur a rapporté la somme de \$7,909,289.10, suivant détails à l'annexe C-20, page 4.

Il n'y a rien de changé en ce qui se rapporte aux impôts impayés par les filiales de Montreal Light, Heat & Power Consolidated; la situation est la même que celle exposée à mes rapports antérieurs. Je ne reviendrai plus sur le sujet, sauf dans le cas d'une attitude contraire de la part de l'administration.

DÉPENSES:

Les prévisions budgétaires, les mandats spéciaux et les dépenses qui leur sont imputées se résument comme suit:

| | Montant des prévisions | Montant de la dépense et avances | Dépensé en plus | Dépensé en moins |
|---|---------------------------|--|--------------------|---------------------|
| Budget régulier — 8 Geo. VI, cc. 2, 3 et 4 | \$59,051,700.00 | \$57,693,496.15 | \$ | \$1,358,203.85 |

| À reporter | 68,568,305.16 | 65,279,198.52 | | 3,289,106.64 |

A comparison of these revenues for the year 1943-44 shows a betterment of \$3,418,990.15 in the past year. The increases and decreases which account for the latter difference follow in the same order of distribution, viz:

As a consequence of the Act respecting the suspension of certain taxes in war time (6 Geo. VI, c. 27), Taxes on Corporations and Income Tax are not collected by the Province, compensation being received from the Dominion.

The Retail Sales Tax collected for the account of various groups of municipalities benefitted them to the extent of \$7,909,289.10; the distribution of this sum appearing in Schedule C-20, page 4.

No change has occurred in the conditions previously reported by me with respect to taxes owed by certain subsidiaries of Montreal Light, Heat & Power Consolidated. I shall not return to the subject unless a contrary attitude is assumed by the administration.

Un tableau des dépenses par département est donné à l'état des Revenus et dépenses, page 6; le détail par article du budget est donné aux annexes "C" de chaque département.

Un tableau général des dépenses par nature a été préparé en vue de renseigner les intéressés sur l'ensemble des dépenses gouvernementales (page 11).

Je pourrais répéter ce que je disais l'an dernier concernant les contrats et le Service des Achats qui n'est pas efficace, en ce qu'il ne groupe pas les commandes et ne prend pas avantage des quantités de marchandises dont il doit pourvoir les départements dans une période de temps déterminée; la grande partie des achats se font ainsi au prix du détail. Il serait recommandable que les méthodes du commerce soient adoptées.

Un petit nombre de fonctionnaires incapables de remplir leurs fonctions pour cause d'infirmité corporelle, mentale ou autre, reçoivent encore des traitements entiers ou réduits. Je rappelle de nouveau que seule la Loi des pensions permet une compensation dans ces cas. Il devient de plus en plus urgent que des règlements soient promulgués pour que soit faite l'inscription des présences et des absences des employés et que soit délimitée la juridiction des chefs ou sous-chefs, en ce qui concerne l'allocation de congés de maladie.

A summary of the Expenditures by relative departments is shown in the Statement of Revenue and Expenditures, page 8, the details for each budgetary item being given in Schedules "C" of each department.

A general summary of the Expenditures classified by character appears on page 11 for the information of those interested in the Governmental expenditures as a whole.

I would reiterate my remarks of last year relative to contracts and to the Purchasing Service which lacks efficiency in that it does not consolidate orders, thus preventing advantage being taken of quantities of goods to be supplied departments within a fixed period of time; as a consequence, the majority of purchases are made at retail prices. Ordinary business practice should be followed.

A small number of functionaries, unable to fulfill their duties through physical or mental infirmity, still receive salaries paid them in full or in part. I wish to recall that in such cases the Pension Act alone provides for the payment of a compensation. It is becoming more and more necessary that regulations be enacted to provide for the inscription of presences and absences of employees and to delimit the jurisdiction of the heads and deputy-heads insofar as sick-leaves are concerned.

MISCELLANEOUS:

As in the past our Office has audited the following Commissions and Bureaus:

Schedule:

- D-8 — Minimum Wage Commission;
- D-9 — Quebec Workmen's Compensation Commission;
- D-10 — "Syndicat National du rachat des rentes seigneuriales";
- D-11 — Quebec Sugar Refinery, at St. Hilaire;
- D-12 — Quebec Farm Credit Bureau.

The law concerning each of these Commissions determines their purposes, the relative statutory reference heading each Statement.

The Sugar Refinery Plant, concerning which statements are produced as Schedule D-11, operated for one month only; the production of beets deliv-

été que de 16,259 tonnes, alors que la capacité de l'usine dépasse 125,000 tonnes. Le rendement a été de 3,502,400 livres de sucre avec, en plus, les sous-produits indiqués au compte d'opération. Le déficit de la période du 1er novembre 1944 au 31 mars 1945 a été de \$311,019.10 et s'explique en partie par l'insuffisance de betterave.

Les divers états financiers annexés au présent rapport représentent fidèlement la situation financière qu'ils ont pour but d'exposer, tel que nous avons pu nous en rendre compte au cours de nos vérifications et suivant les règles de pratique d'usage reconnu.

A. J. DOLBEC, C.P.A.,

Auditeur de la province.

Québec, le 18 février 1946.

ered thereto was 16,259 tons only, whilst the potential capacity of the Refinery is over 125,000 tons. The output of sugar amounted to 3,502,400 pounds, in addition to the by-products indicated in Operation Account. The deficit for the period from the 1st of November, 1944, to the 31st of March, 1945, amounted to \$311,019.10, partly due to the insufficiency of beets.

The various financial statements annexed to the present report represent truly the financial position they are intended to present, insofar as we have been able to ascertain in the course of our verifications and in conformity with accepted accounting principles.

A. J. DOLBEC, C.P.A.,
Provincial Auditor.

Capitalized amount for period 1867-1873, due to the revision of the debt allowed to the Provinces of Quebec and Ontario under art. 112 of the British North America Act (See 36 Vict., c. 30 and 47 Vict., c. 4). Interest at the rate of 5% is paid half-yearly.

Dû par la province—Due by the Province..... 1,473,609.63

Ce montant provient d'ajustements financiers datant de l'époque où la province entra dans la Confédération. L'intérêt est payé semestriellement au taux de 4%.

This amount results from financial adjustments dating back to the time the Province entered the Confederation. Interest at the rate of 4% is paid half-yearly. 1,075,603.98

Fonds commun des écoles—Common School Fund..... 1,253,173.60

Ce fonds a son origine en 1842. En 1893, le fonds fut établi à \$2,457,688.62 par trois arbitres nommés à cet effet; il fut décidé que ce compte demeurerait intact et que l'intérêt serait versé semestriellement au taux de 5%. La distribution fut faite entre Ontario et Québec sur la base de leur population et rajustée par la suite lors de chaque recensement.

This fund dates back to 1842. In 1893, the fund was established at \$2,457,688.62 by three arbitrators named for that purpose; it was decided that this account should remain intact and that interest at the rate of 5% be paid half-yearly. ANNEXE—SCHEDULE A-4

CONTRAT AVEC—CONTRACT WITH: LA BANQUE CANADIENNE NATIONALE..... 9,063,990.64

La Banque Canadienne Nationale, ayant pris avantage de l'article 3 de la loi 14 Geo. V, c. 3, a versé à la province le 31 décembre 1943 la somme de \$1,467,686.87, représentant tous les versements futurs.

Tenant compte de ce montant, des versements antérieurs et de l'intérêt accumulé, le fonds d'amortissement au 31 mars 1945 s'élevait à \$5,936,009.36. L'écart entre ce montant et \$15,000,000 représente les intérêts composés à 5% qui s'accumuleront d'ici l'échéance en 1964. Le taux de rendement moyen sur les placements est d'environ 4% et la tendance est à la baisse; il en résulte donc que la province subit la perte de la différence entre le taux réel et celui de 5% fixé par la loi. Pour 1944-45, cette perte fut de \$57,477.92 et apparaît à l'Annexe C-18, page 7.

La Banque Canadienne Nationale, taking advantage of section 3 of the statute 14 Geo. V, c. 3, prepaid to the Province under date of December 31, 1943, the sum of \$1,467,686.87, representing all future instalments.

Including this prepayment, previous instalments and accumulated interest, the sinking fund, as at March 31, 1945, amounted to \$5,936,009.36. The difference between this latter amount and \$15,000,000 represents compound interest at the rate of 5% which will accumulate between now and 1964. The average interest yield on investments is approximately 4% and the trend for the future points towards a decreasing rate. The Province as a result suffers the loss of the difference between the actual yield and the rate of 5% set by law; for 1944-45, the loss amounted to \$57,477.92 as shown on Schedule C-18, page 7.

SCHEDULE A-6 (Continued)

Le Gouvernement de la province a pris possession, le 1er juillet 1940, des ponts Plessis-Bélair et DeBellefeuille, tel qu'autorisé par la loi 4 Geo. VI, c. 33. Lors de la fermeture des livres au 31 mars 1945, les prix d'achat n'avaient pas encore été définitivement établis.

La Régie des services publics, par son ordonnance du 18 juin 1943, fixa le prix à \$109,899 et la Cour du Banc du Roi ayant maintenu cette décision par un jugement rendu le 27 avril 1945, la compagnie a maintenant porté la cause en appel devant la Cour Suprême. Le Gouvernement de la province a déjà versé aux expropriés, en acompte, une somme totale de \$167,000, soit un excédent de \$57,101 sur le prix déterminé à date.

The Government of the Province, on July 1, 1940, took possession of the Plessis-Bélair and DeBellefeuille bridges, under authority of the Act 4 Geo. VI, c. 33. When the books were closed on March 31, 1945, the purchase prices had not yet been definitely established.

The Public Service Board, by its Regulation of June 18, 1943, determined the price at \$109,899, the Court of King's Bench maintaining this decision by a judgment rendered April 27, 1945, which the company has appealed to the Supreme Court. The Government of the Province has already paid a total sum of \$167,000 to the litigants, an excess of \$57,101 over the price determined to date.
