RAPPORT DE L'AUDITEUR DE LA PROVINCE

Exercice financier 1943-44

Tel que prévu à la Loi concernant la vérification des Comptes publics, je sou mets mon rapport pour l'exercice terminé le 31 mars 1944.

L'an dernier, je disais que le mode de vérification des déboursés en usage est celui de l'examen des pièces justificatives avant paiement. Comme certains ne paraissent pas comprendre la portée de cette mesure et semblent s'étonner de constater la signature de l'Auditeur sur des chèques acquittant des engagements sujets à controverses ou se rapportant à des transactions leur paraissant contraires à nos principes, je dois ajouter que le devoir du vérificateur est de s'assurer de la juridiction des officiers responsables, de l'approbation par une autorité compétente et de la disponibilité des crédits votés par la Législature pour ces fins.

La modalité des contrats et l'établissement des prix sont d'ordre administratif et le vérificateur n'y peut rien changer, lors même qu'il croirait la transaction contraire à l'intérêt public, ou le marché conclu à un prix trop élevé; son seul devoir est alors de rapporter les faits aux Comptes publics, pour le renseignement de la Législature. Évidemment, on n'envisage pas ici le cas de fraude où tout officier doit non seulement refuser sa signature, mais aussi dénoncer comme il convient.

L'exercice écoulé s'est soldé par un surplus des revenus sur les dépenses ordinaires et en immobilisations de \$1,285,159.70.

La dette nette de la Province, le 31 mars 1944, était de \$305,078,048.32, à comparer à \$311,912,083.62 le 31 mars 1943, soit une diminution de \$6,834,035.30. Le détail des variations est donné à l'Annexe A-1, page 27.

Deux émissions de débentures ont été mises sur le marché durant le cours de l'année au total de \$24,680,000. Le coût à la Province, ne tenant pas compte des frais d'impression, est comme suit:

\$15,000,000.	— 12	ans	3%	à 96.5	— Coût annuel: 3.36%
9,680,000.	— 12½	"	3%	à 98.277	— " " 3.17%

Les émissions rachetées durant le cours de l'année se chiffrent à \$33,970,000, tel que détaillé à l'Annexe C-20, pages 2 et 3. Un tableau général donnant le détail de la dette consolidée est donné à l'Annexe A-12, page 34.

La situation financière au 31 mars 1944, de même que les revenus et dépenses, sont résumés aux états et annexes suivants:

REPORT OF THE PROVINCIAL AUDITOR

Fiscal Year 1943-44

As provided by The Audit Act, I beg to submit my report for the fiscal year ended March 31, 1944.

As stated in my previous report the method of audit followed by our Office allows for the examination of vouchers before the issue of relative cheques. The full implication of this measure apparently not being realized in certain quarters in that one is astonished at the signature of the Auditor appearing on cheques acquitting commitments open to controversy or bearing on transactions presumed not conforming to our principles, I consider it proper that I should make it clear that the duties of the verifier require that he ascertain the jurisdiction of the responsible officers concerned, the approbation of competent authorities and that credits voted by the Legislature are available for a given purpose.

The terms and conditions of contracts, and the setting of prices are matters of an administrative nature, and not within the jurisdiction of the Auditor to alter, even though he may believe the transaction contrary to public interest or negotiated at an excessive price; his primary duty, requiring that he make due report in the Public Accounts for the information of the Legislature. Obviously, fraudulent matters are not contemplated here nor implied; in such a contingency, the verifier must not only refuse to append his signature, but expose the occurrence as well.

The fiscal year has ended with a surplus of revenue over ordinary and capital expenditures of \$1,285,159.70.

The net debt of the Province as at March 31, 1944, was \$305,078,048.32 compared to \$311,912,083.62 as at March 31, 1943, i.e., a decrease of \$6,834,035.30. The variations in this connection are shown on Schedule A-1, page 27.

Two bond issues aggregating \$24,680,000 have been sold on the market during the course of the year; the cost to the Province, without taking printing charges into account, being:

\$15,000,000.	— 12	years	3%	at 96.5	—	Annual cost:	3.36%
9,680,000.	— 12½	“	3%	at 98.277	—	“	3.17%

As detailed in Schedule C-20, pages 2 and 3, the issues redeemed during the year reached \$33,970,000. A general table of the Funded Debt is shown as Schedule A-12, page 34.

The financial position and the Revenue and Expenditures as at March 31, 1944, are summarized in the following statements and schedules:

Un tableau de ces états et annexes précède le présent rapport.

BILAN:

Les annexes du Bilan, pages 26 à 50, contiennent tous les renseignements que j'avais l'habitude de donner à mon rapport sous cette rubrique, ce qui me dispense de faire ici de plus amples commentaires. Vous constaterez chacun des titres de ces annexes à la page 25.

Plusieurs item du bilan ont été disposés d'une façon plus scientifique et nous avons retranché de l'actif et du passif les contre-entrées se rapportant à la capitalisation du subside annuel de la Puissance du Canada, de même que l'item relatif aux valeurs mobilières détenues pour les municipalités, les corporations scolaires, etc.; le détail de ce dernier item apparaît à l'Annexe A-8, page 31.

Une émission de débetures de Verdun Protestant Hospital, garantie par le Gouvernement, au montant de \$200,000, devenait due le 2 avril 1943. L'institution ayant informé le Gouvernement de l'impossibilité pour elle d'en effectuer le paiement, et conséquemment de son défaut, la Province a acquitté elle-même le montant, lequel fait partie des Comptes à recevoir au 31 mars 1944.

REVENUS:

Les détails des revenus sont présentés dans la même forme que par les années précédentes, aux annexes B-1 à B-14, pages 52 à 66. Le tableau en est donné à la page 51. Le montant et le pourcentage respectif des principaux revenus sont comme suit:

A list of these statements and schedules precedes this report.

BALANCE SHEET:

The schedules to Balance Sheet, pages 26 to 50, containing all the information that I have been in the habit of giving under this caption in my previous reports, I assume that I may dispense with providing additional details. These schedules are listed on page 25.

Many items of the Balance Sheet have been rearranged in a more scientific way and we have deleted from the assets and liabilities the contra entries relative to the capitalization of the annual subsidy from the Dominion Government which served no useful purpose, as well as securities held for municipalities and school corporations, etc., the details of which appear on Schedule A-8, page 31.

A bond issue of \$200,000 by Verdun Protestant Hospital, guaranteed by the Government, having fallen due on April 2, 1943, the Institution informed the Government of its inability to meet the payment at maturity, and as a consequence of said default, the Province duly acquitted the liability, which appears in the Accounts Receivable as at March 31, 1944.

REVENUE:

Revenues are detailed in Schedules B-1 to B-14, pages 52 to 66, in the same form as in previous years, and are summarized on page 51. The amounts and their relevant percentages are:

La comparaison avec le revenu de l'année 1942-43 démontre une augmentation de \$266,603.39. Voici, dans le même ordre que le tableau précédent, les augmentations et diminutions qui établissent cette différence:

Le gouvernement du Canada a continué de verser à la Province les sommes convenues par la Loi relative à la suspension de certaines taxes en temps de guerre (6 Geo. VI, c. 27), se rapportant aux impôts suivants: Impôt sur les corporations, Impôt de Québec sur le revenu, Loi du remboursement des subsides, Taxe sur la gazoline. Le détail des sommes versées par le Dominion est donné à l'Annexe B-12, page 64.

L'impôt sur la vente en détail, perçu pour le compte de divers groupes de municipalités leur a rapporté la somme de \$8,189,575.70; le détail en est donné à l'Annexe C-20, page 5.

A la page "X" de mon rapport de l'an dernier, j'exposais que certaines filiales de Montreal Light, Heat & Power Consolidated, dont Cedar Rapids Manufacturing & Power Company, quoique assujetties aux dispositions de la Loi de l'impôt sur les corporations, ne s'y étaient pas conformées et, conséquem-

A comparison of these revenues for the year 1942-43 shows a betterment of \$266,603.39 in the past year. The increases and decreases which account for the latter difference follow in the same order of distribution, viz:

The Government of Canada has continued to allow the Province the sums agreed upon by the Act respecting the suspension of certain taxes in war time (6 Geo. VI, c. 27) relative to the following taxes: Taxes on Corporations, Quebec Income Tax, Railway Subsidy Repayment Tax, Gasoline Tax. The sums paid by the Dominion are detailed in Schedule B-12, page 64.

The Retail Sales Tax collected for the account of various groups of municipalities benefitted them to the extent of \$8,189,575.70; the distribution of this sum appearing in Schedule C-20, page 5.

On page "XI" of my report for the previous year, I set forth that certain subsidiaries of Montreal Light, Heat & Power Consolidated, such as Cedar Rapids Manufacturing & Power Company, although subject to the provisions of the Corporation Tax Act, had not complied with same, and consequently

ment, n'ont pas payé les impôts dont elles étaient redevables depuis un grand nombre d'années. Aucune autre démarche ne paraît avoir été faite par les officiers en autorité dans le but de faire valoir les droits de la Province.

DÉPENSES:

Ci-après est donné un tableau synoptique des prévisions budgétaires, des mandats spéciaux et des dépenses qui leur ont été imputées:

Le résumé des dépenses, par départements, est donné à l'état des Revenus et Dépenses, page 11.

La disposition du budget 1943-44 et la forme nouvelle de présentation des Comptes publics ont facilité la compilation d'un résumé général qui révèle la nature des dépenses réunies en un seul montant pour tous les départements; un tableau donnant ces renseignements est joint au présent rapport, page 15. Des renseignements semblables, mais plus détaillés, sont donnés pour tous les départements à la page 2 de chaque Annexe "C" respectivement et, comme préambule, à chaque item budgétaire.

Par la loi 3 Geo. VI, c. 14, les achats de marchandises diverses sont sous le contrôle du Service des achats et les commandes dûment émises par ce Bureau constituent un contrat au sens du deuxième paragraphe du présent rapport.

Je crois devoir exposer que la pratique, depuis nombre d'années, a été de fréquemment confier des commandes à des personnes qui ne sont pas des marchands réguliers vendant habituellement les marchandises qui font l'objet de la transaction et que les prix sont souvent supérieurs à ceux du marché pour des quantités semblables. Certains achats sont quelquefois confiés à des grossistes ou à des manufacturiers, mais, dans plusieurs de ces cas, à un prix excédant celui de leurs prix de liste. Cependant, dans le cas de certaines spécialités, les prix sont conformes aux pratiques du commerce, telles que, par exemple, le ciment acheté du manufacturier. Les commandes ne sont pas généralement groupées et on ne prend pas avantage des quantités. Il serait recommandable que les méthodes du commerce soient adoptées, en ce qui concerne les achats.

Je réitère mes remarques de l'an dernier, concernant les traitements entiers ou réduits continués à bon nombre de fonctionnaires incapables de remplir leurs fonctions, pour cause d'infirmités corporelles, mentales ou autres, et rappelle que seule la Loi des pensions permet une compensation dans ces cas.

had not paid the taxes owed by them since a number of years. No further steps seem to have been taken by the officers in authority with a view of asserting the rights of the Province.

EXPENDITURES:

The following is a synoptic table of the Estimates, Special Warrants and of Expenditures made thereunder:

	Estimates	Expenditures and Advances	More than Estimates	Less than Estimates
Regular Budget—Voted under 7 Geo. VI, cc. 2, 3, 4	\$55,594,835.00	\$53,217,073.25	\$	\$2,377,761.75

Less than Estimates	200,650.64	200,650.64
	93,088,985.00	93,088,985.00	4,426,954.81	4,426,954.81

A summary of the Expenditures, by departments, is shown in the Statement of Revenue and Expenditures, page 13.

The lay-out of the Estimates of 1943-44 and the new form of presentation of the Public Accounts have facilitated a compilation of a general summary showing the character of expenditures of all departments, grouped in a lump sum for each item; the result of this compilation being shown on page 15. Similar information, but in a somewhat more detailed form, is given on page 2 of Schedule "C" of each department, and as a preamble to each budgetary item.

In virtue of the Act 3 Geo. VI, c. 14, purchases by departments of the Government come under the control of the Purchasing Service, and orders duly issued by the latter office constitute a contract of the same effect as mentioned in the second paragraph of the present report.

I may mention that for many years the usual practice has been to place orders with individuals not regular merchants habitually selling the merchandise constituting the transaction, thus entailing figures higher than the market prices for similar quantities. Certain purchases are made at times from wholesalers or manufacturers at a cost in excess of their price lists. However, in the cases of certain specialties prices conform to ordinary business practice: for example, cement purchased from manufacturers. Orders are not generally consolidated, thus preventing advantage being taken of quantity prices. It is quite obvious that ordinary business practice should be followed in making purchases.

I wish to reiterate my remarks of last year with regard to salaries paid in full or in part to functionaries unable to fulfill their duties through physical or mental infirmity, and would stress the fact that in these cases the Pension Act alone provides for the payment of a compensation.

Une somme de \$30,000 avancée à la "Commission d'enquête sur la Sûreté provinciale et la Police des liqueurs, district de Montréal" a été portée à Dépenses (Annexe C-12, page 47), alors que le montant réellement dépensé n'a été que de \$23,809.67, soit une somme de \$6,190.33 en moins, qui a été retournée au fonds consolidé du revenu en 1944-45. Par ailleurs, on a porté aux Comptes à recevoir une somme de \$20,247.88, sous la rubrique "Commission d'assurance-maladie" (C-13, page 25). Les ajustements qui s'imposent dans ces deux cas apparaîtront aux Comptes publics de l'année 1945.

Dû à la province—Due the Province. 2,549,213.61

Montant capitalisé, pour la période 1867-1873, découlant de la revision de la dette allouée aux provinces de Québec et d'Ontario par l'art. 112 de l'Acte de l'Amérique Britannique du Nord (voir 36 Vict., c. 30 et 47 Vict., c. 4). L'intérêt est payé semestriellement au taux de 5%.

Capitalized amount for period 1867-1873, due to the revision of the debt allowed to the Provinces of Quebec and Ontario under art. 112 of the British North America Act (See 36 Vict., c. 30 and 47 Vict., c. 4). Interest at the rate of 5% is paid half-yearly.

Dû par la province—Due by the Province. 1,473,609.63

Ce montant provient d'ajustements financiers datant de l'époque où la province entra dans la Confédération. L'intérêt est payé semestriellement au taux de 4%.

This amount results from financial adjustments dating back to the time the Province entered the Confederation. Interest at the rate of 4% is paid half-yearly.

1,075,603.98

Fonds commun des écoles—Common School Fund. 1,253,173.60

Ce fonds a son origine en 1842. En 1893, le fonds fut établi à \$2,457,688.62 par trois arbitres nommés à cet effet; il fut décidé que ce compte demeurerait intact et que l'intérêt serait versé semestriellement au taux de 5%. La distribution fut faite entre Ontario et Québec sur la base de leur population et rajustée par la suite lors de chaque recensement.

This fund dates back to 1842. In 1893 the fund was established at \$2,457,688.62 by three arbitrators named for that purpose; it was decided that this account should remain intact and that interest at the rate of 5% be paid half-yearly. This distribution between Ontario and Quebec was based on their respective population and has been adjusted periodically after each census.

2,359,102.69

ANNEXE—SCHEDULE A-4

CONTRAT AVEC—CONTRACT WITH: LA BANQUE CANADIENNE NATIONALE. 9,346,657.76

La Banque Canadienne Nationale, ayant pris avantage de l'article 3 de la loi 14 Geo. V, c. 3, a versé à la province le 31 décembre 1943 la somme de \$1,467,686.87, représentant tous les versements futurs. Tenant compte de ce montant, des versements antérieurs et de l'intérêt gagné, le fonds d'amortissement au 31 mars 1944 s'élevait à \$5,653,342.24. L'écart entre ce montant et \$15,000,000 représente les intérêts composés à 5% qui s'accumuleront d'ici l'échéance en 1964. Le rendement des nouveaux placements est d'environ 3%; il en résulte que la province subit la perte de la différence entre ce taux et 5% d'ici l'échéance.

La Banque Canadienne Nationale, taking advantage of section 3 of the statute 14 Geo. V, c. 3, prepaid to the Province under date of Dec. 31, 1943, the sum of \$1,467,686.87, representing all future instalments; including this prepayment, previous instalments and earned interest, the sinking fund, as at March 31, 1944, amounted to \$5,653,342.24. The difference between this latter amount and \$15,000,000 represents compound interest at the rate of 5% which will accumulate between now and 1964. As the yield on new investments is about 3%, it results in a loss to the Province equal to the difference between this rate and that of 5% now to maturity.

ANNEXE A-17 (Suite)

REMARQUE:

Le Gouvernement de la province a aussi pris possession, le 1er juillet 1940, des ponts Plessis-Bélair et Bellefeuille, tel qu'autorisé par la loi 4 Geo. VI, c. 33. Lors de la fermeture des livres au 31 mars 1944, les prix d'achat n'avaient pas encore été établis.

En ce qui regarde le pont Plessis-Bélair, le gouvernement a fait une offre de règlement au montant de \$202,262.39, laquelle fut refusée; le 4 mai 1943, cette offre fut abaissée à \$109,398 et la Régie des services publics, par son ordonnance du 18 juin 1943, fixa le prix à \$109,899. Les sommes versées aux expropriés, en acompte, sont de \$167,000, ce qui établit un excédent de \$57,101 sur le prix fixé par l'ordonnance de la Régie des services publics. La cause est en appel.

NOTE:

The Government of the Province, on July 1, 1940, also took possession of the Plessis-Bélair and Bellefeuille bridges, under authority of the Act 4 Geo. VI, c. 33. When the books were closed on March 31, 1944, the purchase prices had not yet been established.

As regards the Plessis-Bélair bridge, the Government had made an offer of settlement for \$202,262.39, which was refused; on May 4, 1943, this offer was reduced to \$109,398 and the Public Service Board, by its order issued on June 18, 1943, determined the price at \$109,899. The amounts paid on account to the expropriated parties reached \$167,000 showing an excess of \$57,101 over the price established by the order of the Public Service Board. The case is actually before the Court of Appeals.

Tel qu'expliqué aux rapports précédents, la partie impayée de l'achat des propriétés ci-haut décrites n'apparaît pas au bilan. Cependant, la somme de \$343,742.69 payée en acompte a été inscrite à ce même état sous le titre "Immobilisations" et a également été portée comme dépense, conformément à l'opinion de l'honorable Procureur général, annexée au rapport de 1940-41.

As explained in the preceding reports, the unpaid balance of the purchase price of the properties described above do not appear in the Balance Sheet. However, the sum of \$343,742.69 paid on account of their purchase is shown under the title "Capital" and carried as an expenditure, in conformity with the opinion of the Attorney General, which is annexed to the report of 1940-41.
