EXPLANATORY NOTES

CONTENTS OF VOLUME

Volume 2 is divided into three sections. The first two sections report on the operations of entities whose revenue is paid into the Consolidated Revenue Fund or the Health Services Fund and entities whose operating activities are paid for out of these funds using appropriations allotted by Parliament. Such entities include government departments and budgetary agencies, the National Assembly and the persons designated by it and the other portfolios. The third section reports on summary financial information on the special funds.

For presentation purposes, this publication uses the term "portfolio" to represent the National Assembly, the persons designated by it and each of the other portfolios.

Section 1 contains summary information on revenue, appropriations, expenditure and other costs as well as the report of excess of expenditure and other costs over appropriations and the statement of use of appropriations.

Section 2 contains, for each portfolio, the detail of revenue, expenditure, other costs and appropriations, adjusted in the case of permanent appropriations for expenditure and investment costs incurred in addition to the amounts indicated in the initial appropriations, the supplementary appropriations and the special warrant.

More specifically, this section discusses:

- revenue by category, subcategory and sub-subcategory;
- authorized appropriations, expenditure and other costs by program, element, supercategory and category;
- transfers by financial assistance category and category of beneficiary.

The accounting methods used to record revenue, expenditure and other costs comply with the accounting policies announced in the government's consolidated Financial Statements (Volume 1).

Section 3 contains summary financial information for each special fund: revenue and expenditure, assets and liabilities and fund balance.

In this volume, figures in the thousands of dollars may vary by \$1 000 (up or down) from the dollar value indicated, due to rounding.

Information concerning remuneration, suppliers of goods and services, beneficiaries of transfers and special funds that received appropriations are available for consultation on the Ministère des Finances website (www.finances.gouv.qc.ca).

APPROPRIATIONS AND STATEMENT OF USE OF APPROPRIATIONS**Fiscal year ended March 31, 2003

REPORT OF EXCESS EXPENDITURE AND OTHER COSTS OVER APPROPRIATIONS

Parliament authorizes the government, under legislation respecting annual appropriations (voted appropriations) and through permanent appropriations provided for in other legislation, to acquire fixed assets and pay expenditures, loans, investments, advances and other disbursements out of the Consolidated Revenue Fund. Other voted appropriations may be constituted by authorization of a special warrant under the Public Administration Act (R.S.Q., c. A-6.01).

All programs, be they related to the National Assembly, the persons designated by the National Assembly or other portfolios, comprise voted appropriations and permanent appropriations, as the case may be. There is no limit to authorized expenditures using permanent appropriations. Unexpended voted appropriations at fiscal year-end become lapsed and must be written off, unless stipulated otherwise in the legislation. Excess expenditure and other costs over voted appropriations must be entered in the year-end statement and paid out of the following year's appropriations. A report on this excess, if one occurs, must be included in the Public Accounts in accordance with section 86 of the Financial Administration Act (R.S.Q., c. A-6.001).

The statement of use of appropriations for the fiscal year ended March 31, 2003 shows that there were no excess government expenditure and other costs recorded in the accounts for voted appropriations during the year, with the exception of \$185 267 thousand under Program 02 – Regional operations – Ministère de la Santé et des Services sociaux and \$176 900 thousand under Program 02 – Government Operations – Conseil du trésor, Administration et Fonction publique, which will be charged to the appropriations allocated by Parliament for this purpose in 2003-2004 in keeping with section 25 of the Financial Administration Act (R.S.Q., c. A-6.001). For the other programs, these appropriations were sufficient to record all expenditures and other costs incurred for goods and services acquired, allocations and transfers due chargeable to these appropriations.

3 The increase is due primarily to the upturn in Road Network Conservation and Improvement Fund (FCARR) activities.

4 The decrease is due primarily to payments for paratransit, for which additional assistance was paid in 2001-2002.

The objective of this program is to make financial assistance services accessible to all citizens who request them, and can prove the need, through the income security network and that of the city of Montréal. More specifically, it enables individuals to receive assistance of last resort based on the difference between their resources and essential needs. The program also provides low-income individuals with dependent children with a supplement based on their employment income to encourage them to remain or enter the labour market. Moreover, this program seeks to promote lasting employment integration for long-term beneficiaries of employment assistance by offering them temporary supplements to their employment income. Furthermore, the program provides the Office de la sécurité du revenu des chasseurs et piégeurs crûs with the amounts required to support their traditional activities as members of that community. Lastly, it aims to develop income security policies.

2	The increase is due primarily to the recovery of subsidies following the discontinuation of two major projects, NASDAQ Canada inc. and the Montréal Exchange, for 9 000 and 2 700 respectively.		
3	The increase in dividends reflects the increase in the corporation's revenue in 2002-2003.		
4	The increase in the corporation's profits is due primarily to an increase in domestic sales due to colder temperatures, economic activity and the change in sales volumes and prices on markets outside Québec.		
5	The change is due to the payment of a 10 000 dividend by the Corporation d'hébergement du Québec in 2002-2003.

7 The increase is due to change in the status of the entity, whose activities were transferred to a social utility trust, the Health and Safety Fund, on January 1, 2003. This trust is not included in the accounting entity.

8 The decrease is due primarily to the marked drop in net investment income.

9 The change is due primarily to the devaluation of fixed assets, the increase in the unrealized net loss on venture capital investments and in the provision for losses on other long-term investments offset by an increase in the net gain on the sale of enterprises and long-term investments.

10 The change is due primarily to an increase in investment-related spending, notably the permanent decline in value of capital stock investments, and the decline in earnings on the disposal of investments.

1 The decrease is due to the liquidation of unclaimed property by the Public Curator, notably unclaimed the financial products emphasized in 2001-2002.

2 The increase is due to the rise in the population of non-Francophone immigrants in Québec in the previous calendar year.
