THE PARLIAMENT OF QUÉBEC ENACTS AS FOLLOWS:

## CHAPTER I

### SCOPE

**1.** This Act applies to all municipalities except regional county municipalities, northern village municipalities, Cree or Naskapi village municipalities or any municipality whose council, according to the Act establishing or governing it, is not composed of persons elected by its citizens.

## CHAPTER II

### REMUNERATION AND EXPENSE ALLOWANCE

#### DIVISION I

##### REMUNERATION FIXED BY THE MUNICIPALITY

**2.** The council of a municipality may, by by-law, fix the remuneration of its mayor and that of its councillors.

Such remuneration may include, in addition to the basic remuneration, additional remuneration for any special duty among those listed in the third paragraph, specified by the council, that is performed by one of its members within the municipality, or within a mandatory body of the municipality, other than a municipal housing bureau, or within a supramunicipal body which pays no remuneration to its

members. The by-law may prescribe under what conditions a member performing such a duty is entitled to additional remuneration.

Additional remuneration

The special duties which may occasion additional remuneration are that of acting mayor, that of chairman of the council, those of chairman, vice-chairman, interim chairman and member of the executive committee and councillor associated therewith, those of chairman and vice-chairman of a permanent committee and that of chairman of any other commission or committee.

Basic remuneration

In no case the basic remuneration of a councillor be greater than one-third of that of the mayor. In no case may the sum of the basic remuneration and any additional remuneration of a councillor exceed 90% of the sum of the basic remuneration and any additional remuneration of the mayor.

Retroactive by-law

The by-law may have retroactive effect from 1 January of the year in which it comes into force.

Interpretation

For the purposes of this Act,

"mandatory body of the municipality"

(1) "mandatory body of the municipality" means any body declared by law to be a mandatory or agent of the municipality and any body the majority of the members of the board of directors of which are members of the council of the municipality and whose budget is adopted by the council of the municipality;

"supramunicipal body"

(2) "supramunicipal body" means a supramunicipal body within the meaning of Division VIII.1 of the Act respecting retirement plans for the mayors and councillors of municipalities (R.S.Q., chapter R-16).

Basis of remuneration

**3.** The remuneration may be fixed on an annual, monthly or weekly basis or on the basis of the attendance of the member at sittings of the council, of another organ of the municipality, of a mandatory body thereof or of a supramunicipal body in which he performs the duty entitling him to such remuneration.

Minimum and maximum

**4.** In no case may the remuneration be less than the minimum applicable to the municipality under sections 12 to 16 or greater than the maximum applicable to it under section 21.

Exception

Notwithstanding the foregoing, the remuneration fixed by the council of a municipality having less than 500 inhabitants may be less than the minimum applicable to it but shall be equal to or greater than \$1 470 annually for the mayor and \$490 annually for a councillor.

**Adjustments**     **5.** The by-law may provide for the upward adjustment of the remuneration, where applicable, for each fiscal year from the year commencing after its coming into force.

**Computation**     The adjustment shall consist in increasing, for each fiscal year, the amount applicable for the preceding year by a percentage, of not over 6%, corresponding to the rate of increase in the Consumer Price Index for Canada established by Statistics Canada.

**Computation**     Where the product of the computation provided for in the second paragraph is not a multiple of 10, it shall be rounded off to the nearest multiple of 10.

**Rate of increase**     The rate of increase in the index referred to in the second paragraph is established by

(1) subtracting from the index established for the month of December immediately preceding the fiscal year considered the index established for the month of December of the year before; and

(2) dividing the difference obtained under subparagraph 1 by the index established for the month of December of the year before.

**Publication of notice**     Every year, the Minister of Municipal Affairs shall publish in the *Gazette officielle du Québec* a notice setting forth the percentage corresponding to the rate of increase in the index computed in accordance with the fourth paragraph and indicating whether the adjustment of the remuneration for the fiscal year considered, where prescribed by by-law of the council, shall be based on that percentage or 6%, as the case may be.

**Term of acting mayor**     **6.** The by-law may prescribe that where the period during which the acting mayor replaces the mayor reaches a number of days specified in the by-law, the municipality shall pay to the acting mayor such additional remuneration as is required for him to receive, from that time until the end of the replacement period, a sum equal to the remuneration of the mayor during the same period.

**Adoption of by-law**     **7.** The adoption of the by-law shall take place during a regular sitting of the council and shall be preceded by the tabling of a draft by-law and the publication of a public notice in accordance with sections 8 and 9.

**Tabling of draft by-law**     **8.** The draft by-law shall be tabled at a sitting of the council by the member giving the notice of motion or, as the case may be, by the executive committee.

**Content**     It shall include the following particulars:

(1) the present remuneration of the members of the council and the expense allowance under section 19 which is to be added thereto;

(2) the proposed remuneration and the expense allowance which is to be added thereto;

(3) the fact that the proposed remuneration will be adjusted for each fiscal year in accordance with section 5, where applicable;

(4) the fact that the by-law will have retroactive effect pursuant to the fourth paragraph of section 2, where applicable;

(5) particulars relating to the application of section 6, where applicable.

**Content**

Where applicable, the draft by-law shall differentiate the basic remuneration, the additional remuneration and the expense allowance which is to be added to each; it shall indicate the special duties for which additional remuneration and an expense allowance is paid or proposed.

**Public notice**

**9.** After the tabling of the draft by-law, the clerk or secretary-treasurer shall, in accordance with the Act governing the municipality, give a public notice containing a summary of the draft by-law and the particulars prescribed in section 8 and setting forth the date, time and place of the sitting at which the by-law is to be adopted.

**Publication**

The notice shall be published not later than 21 days before the sitting.

**Contravention**

**10.** Any contravention of any of sections 7 to 9 entails the nullity of the by-law.

**Annual report**

**11.** The mayor of a municipality in which a remuneration by-law is in force shall include in his annual report on the financial position of the municipality a list showing the remuneration and expense allowance each member of the council receives from the municipality, a mandatory body of the municipality or a supramunicipal body.

**Content**

Where applicable, he shall differentiate the basic remuneration, the additional remuneration and the expense allowance which is added to each; he shall indicate the special duties for which additional remuneration and an expense allowance is paid.

**City of Montréal**

Where the city of Montréal is concerned, the information referred to in the first paragraph shall be transmitted to the citizens in a manner which ensures that it is communicated to them as effectively as information subject to the publicity measures provided for in sections 474.1 to 474.3 of the Cities and Towns Act (R.S.Q., chapter C-19).

## DIVISION II

## MINIMUM AND SUPPLETIVE REMUNERATION

Computation **12.** The minimum annual remuneration which a mayor is entitled to receive is established in relation to the number of inhabitants of the municipality included in the following population brackets:

- (1) 1 to 5 000 inhabitants;
- (2) 5 001 to 15 000 inhabitants;
- (3) 15 001 to 50 000 inhabitants;
- (4) 50 001 to 100 000 inhabitants;
- (5) 100 001 to 300 000 inhabitants;
- (6) 300 001 inhabitants or more.

Adjustment An amount is attributed for each inhabitant included in a population bracket. The amount shall be adjusted upwardly, where applicable, for each fiscal year, in accordance with the second and fourth paragraphs of section 5.

Fraction Where the result of the adjustment is a number that includes a decimal fraction, only the first three digits after the decimal point are retained.

Publication of notice Every year, the Minister of Municipal Affairs shall publish a notice in the *Gazette officielle du Québec*, setting forth the amount per inhabitant applicable to each population bracket for the fiscal year considered.

Vacation dwellings **13.** For the purposes of section 12, the population figure of the municipality is increased, where applicable, by adding to it the product obtained by multiplying the number of vacation dwellings situated in the territory of the municipality and used intermittently for recreation purposes, by 1.25.

Number The number of vacation dwellings is determined and recorded by the clerk or secretary-treasurer of the municipality.

Excess amount Notwithstanding the first paragraph, any amount by which the minimum annual remuneration of the mayor exceeds the amount that would be computed on the basis of the population figure before the increase is limited to an amount which is adjusted upwardly, where applicable, for each fiscal year in accordance with the second, third and fourth paragraphs of section 5.

Maximum  
excess  
amount

Every year, the Minister of Municipal Affairs shall publish in the *Gazette officielle du Québec* a notice setting forth the maximum excess amount for the fiscal year considered.

Minimum  
annual  
remunera-  
tion

**14.** The excess amount referred to in the first paragraph of section 20 is added to the amounts established under sections 12 and 13 to determine the minimum annual remuneration of a mayor who is not entitled to receive additional remuneration under the first paragraph of section 18.

Remunera-  
tion of coun-  
cillors

**15.** The minimum annual remuneration which a councillor is entitled to receive is equal to one-third of the minimum annual remuneration which the mayor is entitled to receive under sections 12 and 13.

Remunera-  
tion of  
mayor

**16.** Notwithstanding sections 12 and 13, the annual remuneration which the mayor is entitled to receive shall not be less than a minimum amount, which is adjusted upwardly, where applicable, for each fiscal year in accordance with the second, third and fourth paragraphs of section 5.

Minimum  
amount

Notwithstanding section 15, the annual remuneration which a councillor is entitled to receive shall not be less than a minimum amount which is equal to one-third of the minimum amount applicable to a mayor.

Publication  
of notice

Every year, the Minister of Municipal Affairs shall publish in the *Gazette officielle du Québec* a notice setting forth the minimum amount applicable to a mayor and to a councillor for the fiscal year considered.

Basic remunera-  
tion of council  
members

**17.** Unless it is fixed in a by-law in force adopted under section 2, the basic remuneration of the members of the council of a municipality is equal to the minimum annual remuneration applicable to them under sections 12 to 16.

Additional  
remunera-  
tion

**18.** In addition to the basic remuneration fixed in a by-law in force adopted under section 2 or, as the case may be, provided for in section 17,

(1) a member of the council who is a member of the executive committee is entitled to additional remuneration equal to the basic remuneration of a councillor, except if he is a person referred to in subparagraph 2 or 3;

(2) a councillor who is chairman of the executive committee is entitled to additional remuneration equal to twice the basic remuneration of a councillor;

(3) a member of the council who is vice-chairman or interim chairman of the executive committee of the city of Montréal, Québec or Laval is entitled to additional remuneration equal to one and one-half times the basic remuneration of a councillor.

Excess  
amount

The excess amount referred to in the second paragraph of section 20 is added to the amount established under the first paragraph of this section to determine the additional remuneration of a person referred to therein.

Inapplicability

Where the additional remuneration for an office referred to in one of the subparagraphs of the first paragraph is fixed in the by-law in force adopted under section 2, the said subparagraph does not apply.

### DIVISION III

#### EXPENSE ALLOWANCE

Amount of  
allowance

**19.** Every member of the council of a municipality shall receive, in addition to any remuneration fixed in a by-law in force adopted under section 2 or provided for in section 17 or 18, an expense allowance of an amount equal to one-half of the amount of that remuneration, regardless of the excess amount referred to in section 20, up to the maximum prescribed under section 22.

Compensation

The allowance shall be paid as compensation for that part of the expenses attaching to the office that is not reimbursed to the member of the council under Chapter III.

Payment of  
excess  
amount

**20.** In the case of a mayor who is not entitled to additional remuneration under the first paragraph of section 18, where the amount equal to one-half of the remuneration prescribed under sections 12 and 13 exceeds the maximum prescribed under section 22, the excess amount is paid as remuneration rather than as an expense allowance.

Payment of  
excess  
amount

The same applies to a member of the council who is entitled to such additional remuneration, where the amount equal to one-half of the aggregate of the additional remuneration and the remuneration prescribed under sections 12 and 13 or under section 15 exceeds the maximum prescribed under section 22.

## DIVISION IV

MAXIMUM REMUNERATION AND  
EXPENSE ALLOWANCEMaximum  
annual  
remunera-  
tion

**21.** No member of the council of a municipality may receive annual remuneration greater than the maximum applicable to him prescribed by government regulation under section 32.

Mandatory  
body

Where a member is entitled to receive remuneration from a mandatory body of the municipality or a supramunicipal body, the first paragraph applies to the total remuneration which the member is entitled to receive from the municipality and from such a body.

Maximum  
expense  
allowance

**22.** No member of the council of a municipality may receive an annual expense allowance greater than an amount adjusted upwardly, where applicable, for each fiscal year, in accordance with the second and fourth paragraphs of section 5. However, the adjustment is not limited to an increase of 6%. Where the result of the adjustment is a number that includes a decimal fraction, the fraction is disregarded.

Mandatory  
body

Where a member is entitled to receive an expense allowance from a mandatory body of the municipality or a supramunicipal body, whether the allowance is referred to as such or by any other name, the first paragraph applies to the aggregate of the allowances which the member is entitled to receive from the municipality and from such a body.

Publication  
of notice

Every year, the Minister of Municipal Affairs shall publish in the *Gazette officielle du Québec* a notice setting forth the maximum amount of the expense allowance for the fiscal year considered.

Excess  
amount

**23.** If the total amount of remuneration or expense allowances which a member would, but for section 21 or 22, be entitled to receive is greater than the maximum prescribed, the excess amount is subtracted from the amount which the member would be entitled to receive from the mandatory body of the municipality or the supramunicipal body.

Excess  
amount

Where the member would be entitled to receive an amount from several bodies, the excess amount is subtracted, proportionately, from each amount.

## DIVISION V

TERMS AND CONDITIONS OF PAYMENT OF  
REMUNERATION AND  
EXPENSE ALLOWANCE

Payment

**24.** The remuneration fixed under section 2 or provided for in section 17 or in section 18 and the expense allowance provided for in

section 19 are paid by the municipality according to the terms and conditions determined by resolution of the council.

**Delegation of power** The council may delegate the power to determine such terms and conditions to the executive committee.

### CHAPTER III

#### REIMBURSEMENT OF EXPENSES

**Prior authorization** **25.** No member may, as part of his duties, perform any act involving expenses chargeable to the municipality except with the prior authorization of the council to perform the act and, consequently, incur expenses which do not exceed the amount fixed by the council.

**Exception** Notwithstanding the foregoing, the mayor is not required to obtain prior authorization when acting in his capacity as mayor. The same applies to a councillor designated by the mayor, in case of an emergency, to replace him as the representative of the municipality.

**Reimbursement** **26.** A member of the council who, as part of his duties, has incurred expenses chargeable to the municipality may, on presentation of a statement accompanied with the proper vouchers, obtain the reimbursement of the actual amount of the expenses by the municipality.

**Tariff** **27.** The council of the municipality may, by by-law, establish a tariff applicable where expenses chargeable to the municipality are entailed by particular classes of acts performed in Québec for a purpose other than travel outside Québec, and prescribe what vouchers must be presented to prove that such an act was performed.

**Authorization** If such a by-law is in force, the prior authorization under section 25 in respect of an act covered by the tariff is limited to the authorization to perform the act, without reference to the maximum amount of expenses allowed.

**Statement and vouchers** Notwithstanding section 26, a member of the council who, as part of his duties, has performed an act covered by the tariff in force may, on presentation of a statement accompanied with the vouchers prescribed in the by-law, receive from the municipality the amount prescribed in the tariff for that act.

**Delegation of powers** **28.** The council of the municipality may delegate all or some of its powers under sections 25 and 27 to the executive committee.

Sufficient  
appropriations

**29.** The council may provide sufficient appropriations in the budget of the municipality for the reimbursement, pursuant to section 26 or 27, of expenses entailed by particular classes of acts that the members of the council may perform on behalf of the municipality as part of their duties.

Maximum  
amount of  
expenses

The prior authorization provided for in section 25 in respect of an act of a class for which appropriations are provided in the budget is limited to the authorization to perform the act, without reference to the maximum amount of expenses allowed. The maximum amount is deemed to be the balance of the appropriations for acts of that class, after deducting all previous reimbursements, or, where applicable, the amount prescribed in the tariff for that act.

General  
fund

If no appropriations are available, the council may appropriate sums of money out of the general fund of the municipality for the purposes of the first paragraph; the sums so appropriated are deemed to be appropriations.

Maximum  
amount of  
expenses

**30.** Notwithstanding sections 27 and 29, the council or, where applicable, the executive committee may fix the maximum amount of expenses allowed where it authorizes a member of the council to perform an act which is covered by the tariff or is in a class for which appropriations are provided in the budget.

Applicability

Section 26 applies in such a case even if the act is covered by the tariff.

## CHAPTER IV

### TRANSITION ALLOWANCE

Transition  
allowance

**31.** The council of a municipality may, by by-law, provide for the payment by the municipality of a transition allowance to any person who ceases to hold office as mayor after having held office as mayor during not less than 24 months preceding the end of his term.

Computation

The amount of the allowance is equal to the product obtained by multiplying the amount of the person's bi-monthly remuneration at the date of the end of his term by the number of full years during which he held office as mayor; the amount of the allowance is increased by that part of his bi-monthly remuneration that is proportional to any part of a year during which he held office as mayor beyond the full years. The amount of the allowance shall not exceed four times that of his bi-monthly remuneration at the date of the end of his term.

**Terms and conditions** The council shall fix the terms and conditions of payment of the allowance. It may delegate that power to the executive committee.

**Applicability** Sections 7 to 10, adapted as required, apply to a by-law adopted under the first paragraph.

## CHAPTER V

### REGULATION OF THE GOVERNMENT

**Regulation** **32.** The Government may, by regulation, fix the maximum annual amount of the total remuneration which any member of the council of a municipality is entitled to receive for all duties performed by him within the municipality, a mandatory body of the municipality or a supramunicipal body.

**Classes** The regulation may establish classes of municipalities, of bodies or of offices and fix a different maximum amount for each class.

**Retroactive effect** The regulation may have retroactive effect from 1 January of the year in which it comes into force.
