Basis of
imposition

The rate may be imposed on the basis of any of the following criteria:

(a) a fixed amount, which may vary according to the various classes of buildings;

(b) the rental value appearing on the roll of rental values;

(c) the value appearing on the assessment roll;

(d) the quantity of water metered, with a minimum price.

Revenue

The revenue from the water-rate may, at the discretion of the council, be different from the price payable to the city of Montréal for the supply of water.

- Water-rate The water-rate imposed under this section is assimilated to the water-rate contemplated in paragraph 4 of section 432.
- Real estate tax Where the water-rate is imposed on the basis of the value appearing on the assessment roll, the rate is assimilated to a real estate tax on the immovable for which it is due.”
