JOURNAL
OF THE
LEGISLATIVE COUNCIL
OF THE
PROVINCE OF QUEBEC

TUESDAY, 11th JANUARY, 1916

TUESDAY, the eleventh day of the month of January, in the sixth year of the Reign of Our Sovereign Lord, George V, by the Grace of God, of the United Kingdom of Great Britain and Ireland and the British Dominions beyond the seas, King, Defender of the Faith, Emperor of India, being the fourth session of the thirteenth Legislature of the Province of Quebec, as continued by several prorogations to this day.

The Honorable Legislative Councillors convened were

The Honorable *Adéland Turgeon*.

The Honorable Messieurs:

*Amyot,
Bryson,
Champagne,
Chapais,
Choquette,
Dubord
Garneau,
Gilman
Girouard,*

*Kaine,
Kelly,
Pérodeau,

At three o'clock in the afternoon, His Honor the Honorable P. E. LeBlanc, Lieutenant Governor of the Province of Quebec, being seated in the chair on the Throne, the Honorable the Speaker of this House said: "Gentlemen Usher of the Black Rod, proceed to the Chamber of the Legislative Assembly and inform that House that it is His Honor's pleasure they attend him immediately in the Chamber of the Legislative Council."

WHO BEING COME THERETO:

His Honor the Lieutenant Governor was pleased to open the session by a gracious Speech from the Throne to both Houses.

Honourable Gentlemen of the Legislative Council,

Gentlemen of the Legislative Assembly.

I heartily welcome you on your return to the scene of your parliamentary labours.

Although the Allies are sure of final victory, the war continues on an ever-increasing scale and calls for greater and greater efforts from all. As a large portion of the task and responsibilities devolves upon the British Empire, Canada has bravely done and is continuing to do its duty.

As to the Province of Quebec, it is generously responding to all the calls made upon it; while families are liberally contributing to the various patriotic and aid funds, our young men are eagerly enlisting to fight beside the armies of England and France. On behalf of all the inhabitants of this Province, I wish once more to offer our devoted homage to our Gracious Sovereign and to assure him that we ever pray for the triumph of his arms. I cannot refrain from expressing my high admiration for the soldiers whose bravery and heroism have brought such great glory to Canada, our country.

It is pleasing to note that the Province of Quebec is successfully passing through the present crisis and that its economic condition is generally good.

Agriculture has never been more flourishing than now. My Government continues to urge farmers to improve their methods of cultivation, and the short courses given in the various centres of the Province have been assiduously followed and have already had a good effect. It has likewise striven to encourage the formation of co-operative associations, the production of maple sugar and syrup, the preparation of smoked meats, the growing of fruit, clover-seed, and seed-grain and also poultry-raising. It has exercised close supervision over the manufacture of butter and cheese and a marked improvement has been effected in the quality of these products.

The twenty-fifth anniversary of the Competition for Agricultural merit was celebrated with great éclat in the city of Quebec last autumn. It is now certain that this competition has completely fulfilled the purpose which its founders had in view, and that it has largely contributed toward

inspiring farmers with love for the soil and with a high idea of the dignity of their calling.

Acting under the authority of the acts you have passed for regulating the flow of rivers and streams, my Government is now having works executed for damming the Saint Maurice and Saint Francis Rivers. Such undertakings cannot fail to increase and give value to the powers stored up in such rivers.

It affords me pleasure to call your attention to a marked increase in teachers' salaries and likewise to the success achieved by the school commissioners' congresses recently held.

Sherbrooke has no normal school and my Government decided to supply that want.

The work on roads undertaken by my Government has been actively pushed during the past seasons. The Sherbrooke-Derby-Line road has already been inaugurated, and everything tends to show that the Montreal-Quebec and Levis-Jackman roads will be finished early next summer. On the other hand, the municipalities continue the efforts begun in previous years and my Ministers intend to leave nothing undone to secure the improvement of our roads.

My Government has not failed to promote in a very special manner the important work of colonization, and it is easy to see that its action has not been in vain. A great many settlers established themselves last year in the Matapedia valley. Abitibi is developing rapidly, as shown by the large nucleus of population inhabiting that territory. The creation of a new judicial district, with its chief place at Mont Laurier, is a proof of the progress accomplished in the region north of Montreal.

With a view to obtaining more ample information regarding the mineral deposits of Quebec, the Bureau of Mines has had field-work done. Two interesting reports, one on iron, and the other on copper, have already been published.

The Immigration Branch has had pamphlets about our province printed to make its advantages and resources known to Europeans who may wish to settle in America. Such pamphlets have been widely distributed and we have reason to count upon the coming of a great many immigrants after the war.

The system of giving bonuses to municipalities which provide themselves with fire protection apparatus, is having a good effect, and my Government proposes to still further extend it.

My Government has also organized a board of examiners for stationary engineers. The latter have eagerly presented themselves for examination and the service gives full satisfaction.

Honourable Gentlemen of the Legislative Assembly,

The public accounts for the last year will be laid before you and you will, I have no doubt, be pleased to see that the receipts have again exceeded the expenditure. You will be asked to approve the estimates for the coming year.

Honourable Gentlemen of the Legislative Council,

Gentlemen of the Legislative Assembly,

You will be called upon to legislate on various matters of general interest. I am convinced that you will carefully study all the questions and measures to be submitted to you, and I pray Providence to bless your labours and to shower its blessing on the entire population of our beloved Province.

The Legislative Assembly then withdrew.

And it pleased His Honor the Lieutenant Governor to retire.

The Honorable Mr. *Pérodeau* presented a Bill (A) intituled: "An Act respecting agriculture."

The said Bill was read for the first time *pro formâ*.

The Honorable *Speaker* reported the Speech of His Honor the Lieutenant Governor from the Throne and the same was then read by the clerk.

On motion of the Honorable Mr. *Pérodeau*, it was

Ordered, That the Speech of His Honor the Lieutenant Governor be printed in both languages for the use of the members.

On motion of the Honorable Mr. *Pérodeau*, it was

Ordered, That this House do take into consideration the Speech from the Throne of His Honor the Lieutenant Governor, to-morrow.

On motion of the Hon. Mr. *Pérodeau*, it was

Ordered, That all the Legislative Councillors present during this session be appointed a committee to consider of the orders and customs of this House and the privileges of the Legislature, and that the said committee have leave to sit in this House when and as often as they please.

The Honorable *François Theodore Savoie* presented himself at the Bar of the House and placed in the hands of the Gentleman Usher of the Black Rod a commission under the Great Seal of the Province of Quebec summoning him to the Legislative Council.

The Gentleman Usher of the Black Rod having placed the commission in the hands of the Honorable the *Speaker*, he ordered that the Honorable Councillor be admitted.

Then the said Honorable *François Theodore Savoie*, accompanied by the Honorable Messrs. *Pérodeau* and *Smith*, advanced to the table and the

Honorable the *Speaker* handed the commission to the clerk of the House who read it as follows:
