JOURNALS
OF THE
LEGISLATIVE COUNCIL
OF THE
PROVINCE OF QUEBEC.

THURSDAY, 5th MARCH, 1885.

THURSDAY, the FIFTH day of the month of MARCH, in the forty eighth year of the Reign of Our Sovereign Lady Victoria, by the Grace of God, of the United Kingdom of Great Britain and Ireland, Queen, Defender of the Faith, being the Fourth Session of the Fifth Parliament or Legislature of the Province of Quebec, as continued by several prorogations to this day.

The Honorable members in attendance in the chamber of the Legislative Council were :

The Honorable *Boucher de LaBruère*. Speaker.

The Honorable Messieurs

Archambeault,
Beaudry,
Boucherville, de
Bryson,
Champagne,
Dionne,
Dorion,
Gérin,
Gingras,

Hearn,
Larue,
Lavolette,
Méthot,

Ross,

Wood,

At three o'clock in the afternoon, His Honor the Honorable Louis François Rodrigue Masson, Lieutenant Governor of the Province of Quebec, being seated in the chair on the Throne, The Honorable *Speaker* of this House said : " Gentleman Usher of the Black Rod proceed to the Chamber of the Legislative Assembly and acquaint that House that it is His Honor's

pleasure they attend him immediately in the Chamber of the Legislative Assembly."

Who being come thereto,

His Honor the Lieutenant Governor was then pleased to open the Session by a gracious speech from the Throne to both Houses.

Honorable Gentlemen of the Legislative Council ;

Gentlemen of the Legislative Assembly,

On this, the first occasion of my meeting you, in my capacity of representative of Our August Sovereign, it gives me great pleasure to cordially welcome you to the seat of Government, and to thank you for the punctuality with which you have complied with my behest given in Her Majesty's name.

You will be asked, during the present session, to legislate upon the whole body of the laws passed by the Legislature of our province since confederation. The work of the commission entrusted with the codification of our statutes, will be laid before you, and the consideration of the many subjects which it embraces will require your very special attention.

New measures will likewise be submitted to you upon matters of public interest; amongst others, upon the manner of disposing of property reverting to the province by escheat or forfeiture, upon lunatic asylums, and for the improvement and development of agriculture, by means of special instruction, competitions, provincial and local exhibitions.

The condition of the industrial classes has attracted the attention of my government, and a bill will be presented to you for the protection of the life and health of persons employed in manufactories.

Gentlemen of the Legislative Assembly,

The public accounts will, as is customary, be submitted to you, and you will be asked to vote the supplies required for the public service.

I am confident that the efforts which have been made to restore equilibrium between the receipts and expenditure of the Province, will, in a short time, be completely successful, and I rely upon you to assist my government in the task which it has undertaken of reducing the expenses as far as possible, without however impairing the proper administration of public affairs.

It is the intention of my government to request you to increase the grants for works of colonization in order to give a new impulse to the settlement of our wild lands, and thereby enable agriculture to benefit by the slight temporary depression in manufacturing industries and in trade.

I will see that the amounts, which you vote, be expended with the strictest economy and in the most profitable manner possible.

Honorable Gentlemen of the Legislative Council ;

Gentlemen of the Legislative Assembly,

The question of the constitutionality of the License Act passed by the Federal Parliament, having been submitted to the Supreme Court of Canada, my government, acting in concert with the governments of other provinces of the confederation, was represented before that tribunal for the purpose of asserting the exclusive jurisdiction of the Legislatures in this matter. I am happy to say that the decision of the highest court in the country has been given in favor of the provinces.

A commission has been appointed under the Act 32 Victoria, chapter 8, to inquire into the facts connected with the construction, working and sale of the Quebec, Montreal, Ottawa and Occidental Railway, and the settlement of the accounts subsequent to such sale. My Government will inform you of the result of the investigation made by this commission as soon as it shall have been communicated.

The Parliament of Canada having, during its last session, admitted that the construction of the railway from Quebec to Ottawa, was a national, and not merely a provincial undertaking, voted to the Government of this Province an indemnity or subsidy of twelve thousand dollars per mile, for the portion of the road between Ottawa and Montreal, and six thousand dollars only for the portion between Montreal and Quebec. My Government has since memorialized the Government of Canada, praying that the principle admitted by Parliament be applied in its entirety and that the subsidy of twelve thousand dollars per mile be given for the whole length of the railway built by the Province, and formerly known as the Quebec, Montreal, Ottawa & Occidental Railway. Copies of this memorial, as well as of a document by which the re-adjustment of the federal subsidy, based upon the population, is requested, will be laid before you without delay.

The reports of the departments will be submitted for your consideration within the first few days of the session, and will shew the working of the different branches of the public service.

I trust that you will, calmly and with your usual patriotism, discuss the questions which affect the interests of our province and our loyal and industrious population. I rely upon your displaying the same good will which you manifested under the government of my distinguished predecessor, and I pray the Almighty to bless your important and useful labors.

The Honorable *François Xavier Praxède Larue*, presented himself at the Bar of the House and placed in the hands of the gentleman Usher of the Black Rod, a commission under the Great Seal, summoning him to the Legislative Council of the Province of Quebec.

The Gentleman Usher of the Black Rod having placed his commission in the hands of the Honorable the *Speaker*, he ordered :

“ That the Honorable Councillor be admitted.”

Then the said Honorable *François Xavier Praxède Larue*, accompanied by the Honorable Mr. *Ross* and the Honorable Mr. *de Boucherville*, advanced to the table, and the Honorable the *Speaker* handed the Commission to the Clerk of the House, who read it as follows :

The Honorable Mr. *Speaker* laid before the House the report of the librarian of the Legislature which was read as follows :

To the Honorable the Legislative Council :

The Librarian has the honor to report as follows :

During last session your committee made the acquisition of an almost complete collection of the journals and sessional papers of Lower Canada, of United Canada and of the Province of Quebec—a collection at present very rare.

It has completed three series of statutes commencing with 1852. The series before that period are not quite completed with the exception of an English series.

It has purchased, amongst other works, Blackwood's Magazine, Renier's Encyclopedia, Lodge Portraits, Le National, &c. But as the Library is not finished and the space allotted for books is very limited, it has decided that no new purchase, except of some important work, be made.

Your Librarian was also instructed to wait the arrival of the books to be sent by Mr. Dansereau, so as not to be exposed to buy, unnecessarily, a second copy of the same works.

The first lots sent by that gentleman have just arrived. They are principally made up of the following :—Notes and Queries, Banker's Magazine, Quarterly Review (incomplete), Dublin Review, Cobbett's Parliamentary History, Rapin, Hume, Smollett, Hughes, Henry & Andrews History of England, Edinburgh Encyclopedia, National Encyclopedia, Chambers Encyclopedia, Social Science Transactions (incomplete), Annual Register, Howell's State Trials, Lives of the Lord Chancellors.

Thus very few works have been added to your Library since last session ; some Canadian publications, the usual journals and reviews, and that is all.

Respectfully submitted,

L. P. LEMAY,
Librarian.

The order of the day was read for the taking into consideration of the speech of His Honor the Lieutenant Governor from the throne at the opening of the session.

The Honorable *Speaker* presented the second report of the joint committee on the Library.

Ordered, That it be received, and it was then read by the clerk as follows, to wit :

To the Honorable the Legislative Council,

The joint committee on the library has the honor to submit the following report :

It has examined the accounts of the library and has found them well kept and to its satisfaction.

It has ascertained, that in order to avoid every unnecessary expense, no account has been paid unless it has been first certified by the librarian and approved by both Speakers.

Your committee however deems it advisable to call the attention of the Legislature to the unsatisfactory state of the library since the fire which destroyed the Parliament building. It is true that it had recommended the librarian to buy nothing except Canadian publications until the rooms were completed and until it was known what books Mr. Dansereau had procured ; but at present as it is evident that every thing will be finished for next session, it is of the greatest importance that books which are required by the members be purchased.

A good many of these are amongst the works sent by Mr. Dansereau, but many more will have to be bought and the usual grant will be insufficient. One of the principal reasons why the grant is not sufficient is that for many years there has been a deficit in the accounts of the library which is due to the fact that the expense of binding, subscription to reviews, to the regular law publications, &c., &c., absorb the greater part of the grant.

The debts amount to the sum of \$2,000, and your committee deems it its duty to call the attention of the government to the advisability of providing for the payment of the said sum, by giving an equal sum of \$2,000 over and above the annual grant, in order to enable the librarian to have the full amount of \$3,000 at his disposal at the beginning of the fiscal year.

Your committee submits these remarks, with confidence, as it considers them opportune.

BOUCHER DE LABRUERE,

Chairman.
