JOURNALS
OF THE
LEGISLATIVE COUNCIL
OF THE
PROVINCE OF QUEBEC.

Thursday, 27th March, 1884.

THURSDAY, the TWENTY SEVENTH day of the month of MARCH, in the forty seventh year of the Reign of Our Sovereign Lady Victoria, by the Grace of God, of the United Kingdom of Great Britain and Ireland, Queen, Defender of the Faith, being the Third Session of the Fifth Parliament or Legislature of the Province of Quebec, as continued by several prorogations to this day.

The Honorable members in attendance in the chamber of the Legislative Council were :

Wood.

At three o'clock in the afternoon, His Honor the Honorable *Théodore Robitaille*, Lieutenant Governor of the Province of Quebec, being seated in the chair on the Throne, The Honorable *Speaker* of this House said : " Gentleman-Usher of the Black Rod, proceed to the Chamber of the Legislative Assembly and acquaint that House, that it is His Honor's pleasure they attend him immediately in the Chamber of the Legislative Council. "

Who being come thereto.

The Honorable *Speaker* of the Legislative Council said :

Honorable Gentlemen of the Legislative Council,

Gentlemen of the Legislative Assembly :

His Honor the Lieutenant Governor does not see fit to declare the cause of his summoning the present Legislature of the Province of Quebec, until the Speaker of the Legislative Assembly shall have been chosen according to Law, but to-morrow, at the hour of three o'clock in the afternoon, His Honor will declare the causes of his calling this Legislature.

The Legislative Assembly then withdrew, and His Honor the Lieutenant Governor was pleased to retire.

Then, on motion of the Honorable Mr. *Ross*, the House adjourned until to-morrow, at three o'clock in the afternoon.

Friday, 28th March, 1884.

The Honorable Legislative Councillors convened, were :

The Honorable *Boucher de LaBruère*, Speaker.

The Honorable Messieurs

Archambeault,
Champagne,
Couture,
Dionne,
Dorion,
Ferrier,
Gérin,

Gingras,
Lavolette,
Méthot,
Rémillard,
Ross,
Savage,
Wood.

At three o'clock in the afternoon, His Honor the Honorable *Théodore Robitaille*, Lieutenant Governor of the Province of Quebec, being seated in the chair on the Throne, the Honorable the *Speaker* of this House said "Gentleman Usher of the Black Rod proceed to the chamber of the Legislative Assembly, and acquaint that House, It is His Honors pleasure they attend him immediately in the Chamber of the Legislative Council."

Who being come thereto, the Honorable *Jonathan Saxton Campbell Wurttele*, said :

"May it please Your Honor the Legislative Assembly have elected me to be their Speaker, though I do not feel very able to discharge the important duties assigned me. If, in the performance of those duties, I should at

any time fall into error, I pray that the fault be imputed to me, and not to the Legislative Assembly, whose servant I am.

The Honorable *Speaker* of the Legislative Council said :

Mr. *Speaker*.

I am commanded by His Honor the Lieutenant-Governor to declare to you that he has no doubt that their proceedings will be conducted with wisdom, temper and prudence.

His Honor the Lieutenant-Governor was then pleased to open the Session by a gracious speech from the Throne to both Houses.

Honorable Gentlemen of the Legislative Council,

Gentlemen of the Legislative Assembly :

I am happy to see you again assembled at the seat of Government. I thank you for the punctuality with which you have complied with my request, and I tender you a cordial welcome.

I have called you together for the despatch of the business of the Province at a later period than usual. This is chiefly due to the destruction by fire of the Parliament Buildings, and to the necessity of preparing temporary Chambers, in which you might conveniently meet.

The people of this Province were happy to receive with acclamation the distinguished statesman, selected by Her Majesty to occupy the high position of Governor General of Canada, in succession to the Marquis of Lorne, who, with his Royal Consort, the Princess Louise, will ever be remembered with kindness, affection and esteem, by the people of this country, and especially of this Province.

My government, taking into consideration the enormous sacrifices made by the people of this Province, for the construction of our railways and the constant increase in the various charges upon the public service, has deemed it its duty to prefer certain claims against the Federal Government; these are set forth in a memorial which will be laid before you. I am happy to inform you that the negotiations commenced in this behalf between the two governments have made satisfactory progress and I expect to be able to communicate the result to you at an early stage of this session.

With reference to the doubts which arose, last year, respecting the constitutionality of the Quebec License Law, I consider that I am in accord with the general desire of the people of this Province, in declaring that the law will continue to be enforced.

The result of the labors of the Commission, entrusted with the consolidation of the general laws of the Province and that of the Royal Commission, appointed to inquire into the efficiency and organization of the various branches of the public service, will be submitted for your approval.

You will also be called upon to consider certain bills respecting Agriculture, Civil Procedure, Mines, Lunatic Asylums subsidized by the Government and certain classes of interdicted persons. Amendments will

also be submitted to you concerning the Game and Fishery laws. I have no doubt that you will give to these important measures the serious attention they deserve.

Gentlemen of the Legislative Assembly :

The public accounts for the past fiscal year as well as the estimates for the ensuing year, will be laid before you. In taking into consideration the important question of the finances of the Province, I trust that you will bear in mind, that in order to re-establish the equilibrium between our receipts and expenditure, a system of the strictest economy and retrenchment must be applied to the various branches of the public service and I am satisfied that your patriotism will lead you to second the efforts of my Government to attain this end.

Honorable Gentlemen of the Legislative Council,

Gentlemen of the Legislative Assembly :

I am convinced that in the discussion of the serious questions submitted to you and in the performance of your important duties, you will display all the zeal and devotedness within your power, as well as that spirit of loyalty towards Her Gracious Majesty, for which the people of this country have always been distinguished, and that under Divine Providence, your labors will assure to our Province, a happy and prosperous future.

Then the Legislative Assembly withdrew and it pleased His Honor the Lieutenant Governor to retire.

The Honorable *Charles L. Champagne* presented himself at the Bar of the House and placed in the hands of the gentleman Usher of the Black rod, a commission under the Great Seal, summoning him to the Legislative Council of the Province of Quebec.

The gentleman Usher of the Black Rod having placed this commission in the hands of the Honorable the *Speaker*, he ordered :

“ That the Honorable Councillor be admitted.”

Then the said Honorable *Charles L. Champagne*, accompanied by the Honorable Mr. *Ross* and the Honorable Mr. *Archambeault*, advanced to the table, and the Honorable the *Speaker* handed the Commission to the Clerk of the House, who read it as follows :

The Honorable the *Speaker* laid before the House the report of the Librarian which is read as follows :

To the Honorable the Legislative Council of the Province of Quebec.

Every year, at the opening of the session of the Legislature, the Librarian had the satisfaction of announcing an increase in your Library.

The number of works continually augmented until it had reached 30,000 volumes and pamphlets. This was an excellent result, when we consider how recent was its foundation.

To-day it is my painful duty to inform you of the almost total ruin of the work commenced and continued with such pleasure and devotedness.

The fire, of the 19th April last, destroyed your Library, and we barely saved 4,500 volumes of complete works.

The extraordinary haste which the situation required prevented any selection of the books. Nevertheless, the important American collection had been saved, and we had reason to rejoice until we found ourselves compelled to let a considerable portion of it burn outside, under the windows which it had become impossible to approach.

The Legislature had expended on this Library the sum of \$54,500.

Apart from the books which had been purchased, it contained 6,000 volumes transferred from the Department of Public Instruction, 6,400 volumes and 700 marine charts, received by way of gift or exchange.

I do not think I exaggerate the value of the Library when I state it was worth \$76,000.

The value of the books saved from the fire may be about \$15,000. Amongst them are 2,477 odd volumes. The total loss is, therefore, at least \$60,000.

The Library was insured for \$32,000, and arbitrators were appointed to value the loss.

At the request of the Provincial Secretary and of the arbitrators, I drew up a statement of the loss and an estimate of the value of most of the books

and, after lengthy labour, I was able to produce a list of figures, covering fifty pages of foolscap, and to *attest under oath* a loss of \$47,400.

I might have made it larger, but, as I considered this amount more than sufficient for the insurance offices, I thought I could rest there. This sum was, however, reduced by about \$10,000 by the arbitrators. A sufficient margin was, nevertheless, left to enable us to show the insurance companies that we had lost more than the amount of the policies.

I am not aware of what has been since done. I have had put in order what has been saved from the fire. I have prepared a catalogue which will shortly be distributed and you will be in a better position to judge of the value of the books which remain.

A certain number of new volumes have been placed upon the shelves, consisting chiefly of a collection of the Journals of the Lords and Commons of England, Journals, Statutes and Sessional Papers, given by Hon. A. P. Caron, minister of militia; Hon. H. G. Joly, member for Lotbinière; and by the Ottawa Parliament.

The whole respectfully submitted,

L. PAMPHILE LEMAY,
L. L. C.

The Honorable Mr. Ross moved, seconded by the Honorable Mr. Lavolette,

That an humble address be presented to Her Majesty the Queen, in the following terms :

*To Her Most Excellent Majesty The Queen,
Most Gracious Sovereign.*

We your Majesty's faithful and loyal subjects, the Legislative Council and of the Province of Quebec, in Legislature assembled, while renewing the assurance of devoted attachment to the person and government of Your Majesty, humbly approach your august Person, to express our deep grief, in hearing of the great loss your Majesty has sustained in the sudden death of His Royal Highness Prince Leopold George Duncan Albert, Duke of Albany, and to humbly convey to Your Majesty and to Her Royal Highness the Duchess of Albany on our own behalf and on that of the people of this Province, our deep sympathy in Your Majesty's great grief and affliction.

We ever preserve a vivid recollection of the lamented Prince's stay in our midst, where his many excellent qualities of heart and mind endeared him to our people and thus greatly increases the sympathy which we now tender to Your Majesty in your present deep distress.

And the question of concurrence upon the said motion being put, it was unanimously resolved in the affirmative.

On motion of the Honorable Mr. Ross, seconded by the Honorable Mr. Lavolette, it was

Ordered, That this address be engrossed and signed by the honorable the *Speaker* on behalf of this House.

On motion of the Honorable Mr. *Ross*, seconded by the Honorable Mr. *Lavolette*, it was,

Ordered, That a message be sent to the Legislative Assembly acquainting that House that the Legislative Council have adopted this address and request their concurrence therein.

On motion of the Honorable Mr. *Ross*, seconded by the Honorable Mr. *Starnes*, it was

Ordered, That as a mark of respect to the memory of the Honorable Messieurs *Jean Baptiste George Proulx* and *Pierre Eustache Dostaler* the House do now adjourn.

The House then adjourned until to-morrow, at 3 o'clock P. M.

Tuesday, 1st April, 1884.

The Honorable Legislative Councillors convened, were :

The Honorable *Boucher de LaBruère*, Speaker.

The Honorable Messieurs

Archambeault,

Committee on contingencies,

The select committee to which was referred the contingent accounts of the Legislative Council for this session, has the honor to present its second report :

Your committee have examined the statement of expenditure and disbursements of the clerk of the Legislative Council from the 9th January, 1883, date of the last auditing of the accounts, up to the 1st April, 1884, inclusive.

The clerk has presented two statements or *exposés* of his expenses and disbursements, the first marked A extending from the 9th January, 1883, to 19th April, 1883, inclusive, date at which the disastrous fire destroyed the parliamentary buildings and about nearly the whole of the archives, records, books, papers, accounts and receipts of the clerk so that he has only been able to produce an approximate statement of his expenses and disbursements ; he has however been able to show to the satisfaction of your committee from his bank book, corroborated by what the ordinary expenses of the Legislative Council are, the exactness of which is easily established, and by the duplicate receipts that he has been able to obtain from those whose names he recollected, that the expenses and disbursements between the above mentioned dates amounts to the sum of twenty six thousand seven hundred and ninety three dollars and twenty three cents, (\$26,793,23).

And further as there are a certain number of accounts, the names of the persons to whom paid and the amounts, of which the clerk cannot recollect ; your committee after researches made and under the circumstances, recommend that these accounts be accepted as to the sum of two hundred and eighty six dollars and ninety four cents (\$286.94).

The second statement or *exposé*, marked B, covering the time from the 19th April, 1883, to the 1st April, 1884 inclusive, presents no difficulties, the clerk having given a detailed statement of all his expenses and disbursements with vouchers duly numbered from 1 to 252 inclusive for all payments, it amounts to the sum of sixteen thousand two hundred and forty seven dollars and ninety two cents (\$16,247.92), which added to the above mentioned sums, make together the sum of forty three thousand three hundred and twenty eight dollars and nine cents (\$43,328.09), for fifteen months less seven days from the 8th January, 1883, to the 1st April, 1884, inclusive.

The clerk has received under an address voted the 15th January, 1883, the sum of nine thousand six hundred and sixty five dollars, so that the Legislative Council is indebted to him in the sum of thirty three thousand

six hundred and sixty three dollars and nine cents, which sum your committee recommend be re-imbursed him.

A message was brought from the Legislative Assembly by their Clerk, with a Bill (No. 107), intituled : " An Act to amend the act incorporating the Leeds and Eastern Townships Railway Company, " acquainting this House that the Legislative Assembly agree to their amendments to this Bill.

The order of the day was read for the second reading of the Bill (No. 18), intituled : " An Act respecting the Quebec Turnpike Roads."

The Honorable Mr. *Speaker*, upon the question raised by the Honorable Mr. *Starnes*, at yesterday's sitting, decided as follows :

The question upon which this honorable House requests a decision, is as to whether the Bill (No. 18), intituled : " An Act respecting the Quebec Turnpike Roads," is a public or a private bill.

Although the question at first sight appears to be an easy one to decide, there are greater difficulties than one thinks.

In referring to authorities, one finds that there is really a difficulty in discovering what class this bill belongs to ; and this is what May has found when he says : " But while the distinction between public and private bills may be thus generally defined, considerable difficulties often arise in determining to what class particular bills properly belong.

" It can be said, as a general rule, that when a bill relates to matters " of public interest and does not concern a corporation or benefit certain " individuals, it ceases to belong to the category of private bills.

There is another class of bills, which are quasi private and which are called "hybrid bills."

Bourinot defines them as follows : "They are generally bills for carrying out national works or relating to crown property or other public works, in which the government is concerned."

Then to what category does this bill respecting the Quebec Turnpike Roads belong? To answer the question, I must go back to the original act which first brought the Turnpike Road Trust into existence, for this bill only amends the former laws.

The special council by an *ordonnance* wished to provide for the improvement of certain roads around the city of Quebec. In 1853, the parliament of Canada extended the provisions of the *ordonnance* to certain other roads, about ten in number. By a subsequent act passed in 1855, further powers were granted to the Quebec Turnpike Road Trustees and the powers were extended to the south shore as well as the north shore of the St-Lawrence.

By another act passed in 1857, I find that the Quebec Turnpike Road Trustees were divided into two distinct trusts, called "The Quebec North Shore Turnpike Road Trustees" and "The Quebec South Shore Turnpike Road Trustees." The appointment of trustees is vested in the government and by section 11 of this act the South Shore Trustees are empowered to borrow an amount, not exceeding seven thousand pounds, in order to complete the road and improvements, which were begun. Section 14 says : The trustees shall be considered as officers responsible for public money under the act and for the better auditing of the public accounts, they shall submit their accounts to the audit office.

In referring to the journals of the House and Legislative Council, I find that the various Bills respecting the Quebec Turnpike roads, have always been looked upon by both Houses as public Bills. Basing myself upon this particular precedent, I think the present Bill ought rather to be classed as belonging to the category of public Bills than to that of Private Bills, as the original law does not only refer to one locality but to several localities on both shores of the St-Lawrence. This law is not made for the benefit of a certain number of individuals but for a large number of persons. And further more, there are precedents in England, and here I would cite "Bourke, Parliamentary Precedents," page 84.

"When a Bill proposed to give to the board of trade powers of taxing the inhabitants of several towns for certain purposes, and to confer upon it, powers affecting private rights, exercised under the authority of Acts of parliament, it was decided that notices were not necessary but that all persons whose interests were affected by the bill would be entitled to be heard, and that it would be convenient that they should be heard before a select committee."

I would also cite Todd, "Private Legislation," (page 9). "The practice followed in Canada, has been to consider all bills relating to representation

“ or administration of justice, &c., &c., as public bills, although, of local or personal character in its operation. Likewise also bills relating to government trusts or public works under the control of the executive. ”

In support of this opinion, Mr. Todd cites in particular the bill relating to the Montreal Turnpike roads 1861, which was considered a public bill, as had also before that, been considered the Act respecting the Quebec Turnpike roads. In fact I might say the Legislature of Canada, has itself sanctioned the principle that the bill now in question, could be introduced as a public bill, for section 15, of the Act of 1857, respecting the Quebec Turnpike road trust, reads as follows : “ The present act shall be considered a public act. ” I think there can be no better precedent and although this bill be considered a public one, I think it ought to be referred to a select committee, before whom all who are interested therein could be heard. This is what was suggested in England by the *Speaker* of the House of Commons, in 1857, with respect to the bill referred to by Mr. Bourke.

The following are the speaker's words “ if each harbour had been dealt with by a separate Bill it would have been liable to all the rules and orders affecting Private Bills but under the circumstances of this measure, no notices are required, but the parties whose interests are affected by the Bill, will be entitled, by the rules of the House, to be heard, and it will be more convenient for them to be heard before a select committee. ”

With the permission of the House, the Honorable Mr. *de Boucherville* withdrew his amendment to the motion for the second reading of the Bill which was that the said Bill be read only in six months.

And the Honorable Mr. *Hearn* likewise withdrew his motion for the second reading of the Bill.

After which,

On motion of the Honorable Mr. *Hearn*, seconded by the Honorable Mr. *Starnes*, it was

Ordered, That the said Bill be referred to a Select Committee composed of the following: the Honorable Messieurs *Wood*, *Rémillard*, *Webb*, *Champagne*, *Méthot*, *Dorion* and the mover, and that all who are interested therein be allowed the opportunity of being heard before the said committee.

The order of the day was read for putting the House into committee of the whole for the consideration of Bill (No. 2), intituled: “ An Act to amend the act of this Province, 46 Victoria, chapter 8, “ respecting the management of public lands adjoining non-navigable streams and lakes in the province of Québec, and the exercise of the fishing rights thereto pertaining. ”

The House adjourned during pleasure, and was put into committee of the whole.

After some time the House was resumed.

The Honorable Mr. *Rémillard*, from the said committee, reported that they had gone through the said Bill and had directed him to report the same with certain amendments, which he was ready to submit whenever the House would be pleased to receive the same.

Ordered, That the said report be now received.

The said amendments were then severally read twice by the clerk. The question of concurrence was put, and the House agreed to the same.

On motion of the Honorable Mr. *Ross*, it was

Ordered, That the said Bill as amended be now read a third time.

The said Bill as amended was accordingly read a third time.

Ordered, That the Clerk do go down to the Legislative Assembly and acquaint that House that the Legislative Council have passed this Bill with certain amendments, to which they desire the concurrence of the Legislative Assembly.

On motion of the Honorable Mr. *Starnes*, it was
Ordered, That the order of the day be struck off, and the said Bill be placed on the orders of the day for second reading on Monday.

The Honorable Mr. *Ross*, moved :

That an address of welcome be presented to His Excellency the Marquis of Lansdowne, Governor General of the Dominion of Canada, and that a select committee composed of the Honorable the *Speaker* and the Honorable Messrs. *de Boucherville*, *Starnes*, *Webb* and the mover, be appointed to draft the said address.

And the question of concurrence being put on the said motion, it was unanimously resolved in the affirmative.

The House adjourned during pleasure.
 After sometime the House was resumed.

And the Honorable Mr. *Ross*, reported an address prepared by the said committee, as follows :

To His Excellency,

HENRY CHARLES KEITH PETTY FITZMAURICE,

MARQUIS OF LANDSDOWNE,

Governor General of Canada.

May it please Your Excellency,

We the members of the Legislative Council, of the Province of Quebec, in session assembled, avail ourselves of the presence in the capital of this Province, of Her Majesty's highest representative in the country, to offer the homage of our loyalty, devotedness and respect.

The inhabitants of the Province of Quebec take a pride in preserving their time honored traditions and glory in paying to authority and ability their tribute of fidelity and admiration.

Our allegiance to the crown of England is rendered particularly pleasant and easy from the happy selection which Her Majesty has been pleased to make, of such distinguished men as Your Excellency and your immediate predecessors the Marquis of Lorne and the Earl of Dufferin, for the position of the head of the Government in Canada.

The plaudits which greeted the first words uttered by Your Excellency at Quebec, on your arrival in the country must have manifested to you the feelings of our population.

Our provincial capital wherein have lived so many personages, whose names are celebrated in history, the city wherein dwelt Montmagny, Frontenac, Montcalm, Prevost and Elgin, was happy to welcome in your person,

not only the worthy representative of Her Majesty, the Queen, but also the descendant of a family, which since the 12th century, has distinguished itself in the service of its country and whose glorious motto "*Veritate non verbis*" does not prevent its members from being distinguished for their eloquence as the people of this country have had occasion of appreciating.

Your Excellency will probably not find any thing here, which will recall Bowood Park, Calne, Dereen or Kenmare to your mind, but in Canada as in the United Kingdom, in Quebec as in Wilts and in London you will always meet with the most respectful and cordial sympathy.

The Canadians have sprung from the nations of Northern Europe and from the Latin race and you behold the scions of these branches of the great human family dwelling here in perfect harmony under the beloved folds of the British flag.

This has occasioned the admiration of many a statesman and the better you become acquainted with our Province the more will you be convinced of the sincerity of the loyalty of its people, of their fidelity to Our August Sovereign and of their attachment to the constitutional monarchy and federal system of Government under which we live.

May we request Your Excellency to convey to Lady Landsdowne our respectful homage and accept our sincere wishes for the happiness of yourself and your family.

On motion of the Honorable Mr. *Ross*, seconded by the Honorable Mr. *Rémillard*, it was

Ordered, That this address be engrossed and signed by the honorable the *Speaker* on behalf of this House.

On motion of the Honorable Mr. *Ross*, seconded by the Honorable Mr. *Rémillard*, it was

The Honorable Mr. *Champagne*, from the select committee to whom was referred the message from the Legislative Assembly, respecting the amendment made by the Legislative Council to Bill (No. 60), intituled : " An Act to annex a certain portion of the municipality of the parish of St. Damase, in the county of St. Hyacinthe, to the municipality of the parish of St. Jean-Baptiste, in the county of Rouville, for municipal, school, judicial, electoral and registration purposes." presented its report.

Ordered, That the said report be received, and it was then read by the clerk as follows :

LEGISLATIVE COUNCIL.

Quebec, 31st May, 1884.

The select committee to whom was referred the Bill (No. 60), intituled : " An Act to annex a certain portion of the municipality of the parish of St. Damase, in the county of St. Hyacinthe, to the municipality of the parish of St. Jean-Baptiste, in the county of Rouville, for municipal, school, judicial, electoral and registration purposes." has the honor to report that there is cause for insisting upon the amendments made to this Bill for the following reasons :

1. Because the annexation of part of the parish of St. Damase, in the county of St. Hyacinthe, to the parish of St. Jean Baptiste, in the county of Rouville, for municipal and school purposes, will not have the effect of depriving the inhabitants of that part of the parish of St. Damase, which is intended to be annexed to the parish of St. Jean Baptiste, of their franchise.

That by the Quebec Election Act, 38 Victoria, chap. 7, section 15 ; If any municipality is situated partly in one electoral district and partly in another,

the secretary treasurer shall prepare in the same manner for each such electoral district an alphabetical list of the persons who are electors therein. That if the present Bill becomes law the municipality of St. Jean-Baptiste being in part situate in the electoral district of Rouville and part in electoral district of St. Hyacinthe, the secretary treasurer shall prepare under the said section 15, of the Quebec Election Act, two lists one for those who are electors in St. Hyacinthe, and one for those who are electors in Rouville.

2. Because, with respect to Bills which affect both public and private interests, the Legislative Council, as a rule, considers that they should go through the formalities of private bills and that it would be dangerous to deviate from this rule.

The whole respectfully submitted,

CHAS. L. CHAMPAGNE,
Chairman.

Mr. *Speaker* informed the House, that their Address of welcome had been presented to His Excellency the Governor General who had received it very graciously and to which His Excellency was pleased to give the following reply :

Mr. Speaker and

Honorable Members of the Legislative Council ;

Mr. Speaker and

Gentlemen of the Legislative Assembly of the Province of Quebec ;

I thank you in the name of the Sovereign to whom we owe a common allegiance for the loyal and respectful words in which you have been pleased to address me.

That Sovereign is in your eyes, as she is in mine, the representative of a political system which, while tempered by reverence for everything which tradition has consecrated, has, from time to time, been adopted in a liberal spirit to the requirements of the present. That system has in no respect been more successful than in its operation in those great colonies without which England might have become a great entrepot but never a great empire.

In no portion perhaps of the colonial empire has this respect for tradition been more scrupulously observed than in the Province of Quebec, the people of which have, with the ready acquiescence of the Mother Country, preserved, without impairing, their allegiance to the English Crown or disturbing the friendly relations of the two races whose interest are committed to your charge the language and the laws of their forefathers.

My predecessors, to whom you have referred in terms of high appreciation, bore away with them a feeling of sincere attachment to your city, which I will venture to say will last as long as their lives. I can understand that they should have done so, for it is a city unsurpassed in its beauty and in the brilliant memories which belong to it.

For myself and for Lady Lansdowne I can say that Quebec, in addition to these attractions, presents that which belongs to it in our eyes as the spot in which our feet first touched Canadian soil. We shall not easily forget the cordial reception given to us by your people at a moment when their thoughts must have been occupied with regrets for those who were about to leave these shores, rather than with their unknown successors.

Gentlemen, I thank you for your courteous references to myself. Their indulgence forbids me to appropriate them.

Gentlemen, the Dominion as a whole and its constituent Provinces enjoy so wide a measure of self government that the Representative of the Imperial Throne may reasonably expect that his opportunities for actively intervening in your affairs will be few in number. He may nevertheless hope that, as the official head of the community he may be allowed to live in sympathy with your people and with those to whom is committed the regulation of their public interests.

I rejoice to have been able to meet your Parliament at a moment when it is actively engaged in the furtherance of its important and honorable duties, and I cordially wish that your labors may be rewarded by results which shall add to the material prosperity and general progress of the Province.

Gentleman, the welcome which you have so gracefully given to Lady Lansdowne has touched her deeply. She is glad to have been able to accompany me to-day, and she bids me to thank you cordially for the wishes which you have expressed for her happiness, and that of her family.

On motion of the Honorable Mr. Ross, seconded by the Honorable Mr. de Boucherville, it was

Ordered, That His Excellency the Governor General's reply to the joint address of both Houses be entered in the Journals of this House.

The Honorable Mr. *Gérin*, seconded by the Honorable Mr. *Méthot*, moves that it be resolved :

That the important project of constructing the Canadian Pacific Railway, from the Pacific to the Atlantic Ocean has, since its commencement, always been considered, both from the repeated declarations of the Federal Government as from those of the Parliament of Canada, as a great national enterprise, the road whereof should be entirely built upon British territory, so as to ensure to the Provinces of the Dominion, the immense advantages which the traffic from the West, and from China and Japan must necessarily bring them.

That without this belief and conviction the old Provinces of the Confederation would never have consented to the great pecuniary sacrifices which they have made to hasten the construction of this grand interprovincial and transcontinental road.

That the construction of a portion of this railway through the United States, with the aid of public moneys of this country, without passing through the important towns of this Province, should not be undertaken, until it has been indisputably shewn that it is impossible to adopt a line entirely within the territory of the Dominion.

That the difference of a few miles in length in the construction of a railway of such importance and of such benefit to all the provinces, by passing through their territory, cannot be a serious obstacle to commerce nor to the real interests of the company building it.

That this House, whilst expressing its confidence that the Federal Government will cause the public engagements of the Dominion towards the Province of Quebec and the Maritime Provinces to be respected, is convinced that the Federal Government will adopt the most energetic and ample measures to ascertain by careful scientific surveys the shortest route for the Pacific railway to pass through the Province of Quebec and reach the principal sea ports of the Maritime Provinces.

The question being put on the said motion, it was resolved in the affirmative.
