JOURNAL

OF THE

LEGISLATIVE COUNCIL

OF THE PROVINCE OF QUEBEC.

Thursday, 7th November 1872.

THURSDAY the SEVENTH day of the month of NOVEMBER, in the thirty-sixth year of the Reign of Our Sovereign Lady Victoria by the Grace of God of the United Kingdom of Great Britain and Ireland Queen, Defender of the Faith, being the Second Session of the Second Parliament of the Province of Quebec as continued by several prorogations to this day.

The Honorable Members in attendance in the Chamber of the Legislative Council were:

The Honorable *Charles Boucher de Boucherville*, Speaker,

The Honorable Messieurs,

Archambeault,
Armstrong,
Beaubien,
Beaudry,
Dionne,
Dostaler,

Fraser,
Gingras,
Hale,

Le Maire,
Léry de,
McGreavy,
Panet,
Proulx,
Prudhomme,
Rodier,
Ross,
Thibaudeau,
Wood.

At three o'clock in the afternoon His Excellency Sir Narcisse Fortunat Belleau, Knight, Lieutenant Governor of the Province of Quebec, being seated in the Chair on the Throne the Honorable the Speaker of this House commanded the Gentleman Usher of the Black Rod to proceed to the Chamber of the Legislative Assembly and acquaint that House, "It is His Excellency's pleasure they attend him immediately in the Chamber of the Legislative Council."

Who being come thereto.

His Excellency the Lieutenant Governor was pleased to open the Session by a gracious speech from the Throne to both Houses.

*Honorable Gentlemen of the Legislative Council,
Gentlemen of the Legislative Assembly,*

I am happy to welcome you at the opening of this second session of the second Provincial Parliament.

You have, during the preceding sessions, considered the more urgent subjects of Legislation and have added to the numerous laws, which we have received from the systems which preceded confederation, other statutes, the necessity for which was apparent to you.

In the division of legislative power between the Federal parliament and the local legislatures, questions of difficulty have necessarily arisen. In many cases the two Governments have come to an understanding so as to avoid a conflict of jurisdiction but it has occurred that the Courts of Justice in this Province, have virtually put aside Acts of the Legislature which have not been disallowed by the Government of the Dominion and my Government has thought it right, in the interest of all, to take the necessary steps to have the constitutional questions which may thus arise submitted to the decision of the highest tribunal of the Empire.

A Bill respecting the election of Members of the Legislative Assembly will be submitted to your consideration as well as another Bill to facilitate the decision of controverted elections.

You will be asked to supply what is still wanting in our judicature laws to complete the system of judicial decentralization.

Your Legislation in favor of Railways and Colonisation Railroads has borne its fruits and you will have seen with pleasure that several large enterprises, which you have aided by grants of money or lands; are in progress of completion.

Great efforts have been made by the Government of this Province in favor of Colonization, numerous and important roads have been constructed and immigrants from Europe are beginning to turn in greater numbers towards this country and to settle here; the liberal subsidy which the federal Government has placed at our disposal to assist immigration, should encourage us to continue our exertions and to emulate in this respect the efforts of other Provinces.

Gentlemen of the Legislative Assembly,

The Public Accounts will be submitted to your examination and you will be asked to vote the ordinary supplies for the different branches of the public service as well as for charitable purposes, for colonization roads and Education.

Certain portions of this Province having suffered greatly by the failure of last year's harvest, the Government have thought it right to aid the sufferers by loans of money; you will be asked to ratify these grants which were made as matters of urgency for that object.

You will learn no doubt with pleasure that, notwithstanding these unforeseen expenses and although considerable sums have been paid for colonization railways, the balance in the hands of the Treasurer of the Province on the first of July last, was somewhat greater than that at the corresponding period last year.

You will also be asked to renew the appropriation which was made last year

to enable the Government to defend the rights of the Province before the Privy Council, in the matter of the pretended arbitration and award respecting the debts and assets of the old Province of Canada.

Honorable Gentlemen of the Legislative Council;
Gentlemen of the Legislative Assembly,

I have no doubt that you will give your most serious attention to the different measures of public or local interest which shall be submitted to you and that with the wisdom and moderation which have hitherto distinguished you, you will, with the aid of Divine Providence, acquit yourselves of the important task confided to you, so as to increase the prosperity of this Province.

The Legislative Assembly then withdrew.
His Excellency the Lieutenant Governor was pleased to retire.

The Honorable Mr. *Beaubien* presented to the House a Bill (A) intituled :
" Act concerning Agriculture. "

The said Bill was read a first time *pro forma*.

To the Honorable the LEGISLATIVE Council.

The Report of the Librarian, on the state of the Library of the Legislature of Quebec, humbly represents :

That the liberal grant of \$5,000, accorded last year to the Library, permitted your Librarian to enrich the department confided to his charge with many valuable works on Science and History.

Amongst these latter works your Honorable House will notice with pleasure those of Champollion and Cuvier.

The "Description of Egypt," the splendid work called "Le Grand Ouvrage d'Egypte," comprising no less than 9 volumes folio of reading matter, and 11 volumes royal folio of engravings, is now in the Library.

Your Librarian has, moreover, done everything possible to obtain the latest works.

The number of volumes, purchased since the last session, amounts to 1271, which make up the total number of books in the Library 8,289, exclusive of 3,175 Journals and Statutes.

There is still at the credit of the Library \$1,119.70, to pay for the printing of the catalogue, which has been necessarily delayed, and to cover the current disbursements to the end of the fiscal year.

Your Librarian deems it his duty to complain of the carelessness manifested

by many of those who are entitled, or who are allowed, to have access to the Library, in returning books borrowed.

The whole respectfully submitted.

PAMPHILE LEMAY,
Librarian.

The Honorable the Speaker presented the return of the Affairs of the "Riche-lieu Company" for 1871:

"Your Committee having taken communication of a Resolution, of the Joint Committee on Printing of the Federal Parliament, requesting an exchange of Parliamentary Documents, between the Federal and Local Legislatures, for the use of the Members of their respective Houses, approve of the said suggestions contained in the said Resolution, and recommend that there be an exchange of Sessional Papers, Journal, Appendices, and Statutes.

Your committee, having requested the Clerk on Printing to inform them what Documents were not yet printed, and the causes of the delay; that gentleman replied, by the following letter, enclosing in it, a letter from Mr. Dussereau, a partner of the Messrs. Duvernay, to whom the Printing of the said Documents was entrusted.

LEGISLATIVE ASSEMBLY, QUEBEC,

Department of Printing,

20th November, 1872.

To the Chairman and Members of the Joint Committee on Printing.

MR. CHAIRMAN:

In obedience to the order of Your Honorable Committee, bearing date the 20th instant, requesting information as to which of the Documents ordered to be printed, have not been printed, and the causes of the delay, I have the honor to state:

That the Printing of the Report of Public Instruction is not yet finished, although the said Document was delivered to the Printer, on the 20th February, 1872.

That the Report on Public Works, Agricultural and Immigration, is not printed, and will only be so, as one of the Sessional Paper of this Session. It will include eighteen months, that is to say, from the 1st January, 1871, to the 1st July, 1872. The Hon. the Speaker of the Legislative Assembly has authorized this change, for the reason, that the report, having been presented in the month of November, for the twelve months ending on the 31st December, was incomplete, and that, to complete it, it was necessary to wait for certain reports and returns, and thus perpetuate inconveniences and delays, very much to be deplored. I am informed that, in future, it will be presented complete, according to the fiscal year.

The French version of Paper No. 9, "Return to an Address, asking for the names of the Municipalities which have borrowed upon the credit of the Consoli-

dated Fund, &c.," still remains unprinted, the French translators having deemed it advisable, for more exactness, to translate this paper, which is little more than a table, from the printed English version, made in September last.

As to the delay which has taken place, it has not, to my knowledge, been occasioned by any of the employees of the Legislative Assembly. Mr. Duvernay does not make any complaint on this score.

I annex a letter from one of the partners, which came to my office yesterday. The letter states what, I believe to be the case.

The whole respectfully submitted.

C. F. LANGLOIS,
C. P. C.

QUEBEC, 19th November, 1872.

C. F. LANGLOIS, Esquire,
Queen's Printer, &c.,
Clerk of Printing.

SIR,—In relation to the resolutions adopted, to day, by the Committee on Printing, I have to honor to make the following statement :

We have two Reports on hand.

1. The Report of the Minister of Public Instruction.
2. The Report of the Minister of Public Works.

We received the former, at the beginning of the year ; the latter, about a month ago. The Report upon Public Instruction is now printed and will be delivered in a few days ; that on Public Works also approaches completion, and will be delivered, in all probability, in about eight days, having been printed and bound, although very voluminous, both in English and French, in five weeks. There has been no delay on our part, except in relation to the Education Report ; having no hope of being in a position to print it before our removal in May last, we did not venture to begin a work, which would unquestionably have been injured, in removal, by the confusion, dust, and inconveniences which necessarily attend the transport of printing material.

Having been compelled to execute improvements and repairs, on our new building, which are not yet finished, we were unable, during the past summer, to engage as many compositors as we required. We were impressed with the idea that the report upon Public Instruction would not be more voluminous than that of the preceding year. It turns out that it is more than twice as lengthy, and it consists almost entirely of tables, the setting up of which is, as you are aware, a work of time. Hence the delay, which we are able to remedy, only imperfectly, by employing, day and night, for the past two months, the services of twenty additional hands. This is the first occasion on which the official printing has been delayed through our fault. We have been reproached with not having applied to other printers for assistance, on becoming acquainted with our position. We did so. The office to which we applied was unwilling to assume the task, at the rate for which we contracted, at a time, when everything was cheaper than at present. We then decided to assume the responsibility of our irregularity, and we offer, in compensation, the irregularity of the other contracting parties, who, being by their contract, obliged to give us the printing of the Crown Lands Report, have, for the past two years, caused it to be printed elsewhere.

We deeply regret that the House now suffers, from that part of the delay of which we are the involuntary cause, and we trust that our explanations will be deemed satisfactory.

I have the honor to be,
Sir,
Your most obedient Servant,

ART. DANSEREAU.

Your Committee deems it its duty to express its regret, that the resolution repeatedly adopted, recommending that the Queen's printer should be charged with the duty of doing or causing to be done the printing of all the public departments subject to the orders of their respective chiefs have been disregarded. Your Committee recommend also that the Queen's Printer be instructed to have prepared when printing departmental reports a sufficient number of copies for all the wants of the Legislature, of the different departments, and also for general distribution.

The whole respectfully submitted,

J. O. BEAUBIEN,
Chairman.
