Fishing period

Zone 19 North

The “Zone Rules” table sets out the fishing periods and daily catch limits for fish species of interest to sport fishers in Québec, for the selected zone. There are many exceptions to these fishing periods and to the catch and length limits. For further details, please see the table entitled “Bodies of Water – Exceptions”.

For information on fishing periods for a specific body of water :

- First check to see if the body of water is mentioned in the exceptions to the zone fishing periods;
- If not, the periods shown in the “Zone Rules” table apply.

In this publication :

- The  icon indicates a new element introduced since the last fishing season;
- The  icon indicates that the stretch of water has been designated as a salmon river.
